

INTERSTATE AND INTERNATIONAL SERVICE GUIDE

A word about this Service Guide:

A "tariff" is a legal document that a company files with a regulatory agency describing the rates, terms, and conditions of the services it provides. In the past, companies that provided interstate (state-to-state) and international long-distance service had to file these tariffs with the Federal Communications Commission (FCC), the regulatory agency that oversees the telephone industry.

The FCC has mandated that long distance carriers may no longer file their rates and conditions for interstate (as of July 31, 2001) and international (as of January 28, 2002) services with the FCC. This is known as "detariffing." The FCC has also ordered that these rates and conditions of service offerings be made available to the public via the Internet. Therefore, the current rates and conditions of your long-distance service services are published online within this Service Guide.

1. INTRODUCTION AND GENERAL TERMS

This Service Guide became effective August 1, 2001 and was last revised November 15, 2022.

The rates, terms and conditions in this tariff cannot be changed nor modified in any manner unless such change or modification is posted on this site. We have the right to make changes or modifications in our discretion and without prior notice. No change will be effective sooner than 24 hours prior to such change being posted at this site.

Once a change is made, including rate changes, each customer affected by that change is subject to the changed rates, terms or conditions. In addition, your continued use of our Company's services, your order of new service, any order for a change or addition of service, or the payment of any invoice for services rendered signifies your constructive, if not actual, notice and your acceptance of the rates, terms and conditions affecting your new, changed or additional service that are in effect at the time you use the services. Constructive notice means that you are charged with being aware of the rates, terms and conditions even if you have not actually seen the rate, term or condition governing your service. Our reliance on constructive notice is based on established legal rulings and public policy considerations, primarily, the law and policy that no customer may be treated differently than any other customer in regard to the rates, terms or conditions governing the same service.

The structure of our rates, or service plans is unique in certain ways from more traditional per minute pricing used by most other carriers. Because of this, our plans provide incentives, called Customer Advantages, that reward customer loyalty, that is, the longer you use our services, the greater the price advantage you secure for our services. Customer Advantages range from a single free invoice to a series of free invoices, may include rate guarantees and/or rate stability plans, specified amounts of free usage, whole invoice credits and/or specified discounts. For the most part, our Customer Advantages are mutually exclusive, that is, when you select one or another, other Customer Advantages may not be available to you.

We have chosen our rate structure for sound economic reasons. Our rate structure is fully consistent with state and federal regulatory requirements and rate making principles. These principles are applied not only assist us in making a reasonable return on the investment needed to provide state-of-the-art telecommunications services, but to the benefit of most of our customers, to spread certain costs over the largest number of customers on a pro rata basis. This enables us to level the contributions each customer makes to these costs based on each customer's usage of our network. In this way, we strive to ensure that no class of customer obtains a larger or smaller share of the costs each imposes by their usage on our network.

1.1 Validity of Terms

In the event that one or more provisions of the Terms shall, for any reason, be held to be invalid, illegal, or unenforceable in any respect, such validity, illegality, or unenforceability shall not affect any other provision contained in the Terms, which shall remain valid and enforceable.

1.2 Restrictions on Use of Site

Company hereby authorizes you to copy the materials published on this Site (the "Materials") exclusively for non-commercial use by you personally or within your organization. The design and layout of the Site are specifically excluded from the Materials. No other use of the Materials is authorized. In consideration of this authorization, you

agree that any copy of the Materials (or any portion of the Materials) that you make shall retain all copyright and other proprietary notices contained herein or therein.

1.3 Property Rights

The products, technology, and/or processes described in this Site may be the subject of intellectual property rights reserved by Company or other third parties. Nothing contained herein shall be construed as conferring on you in any manner, whether by implication, estoppel or otherwise, any license, title, or ownership of or to any intellectual property right of Company or any third party.

1.4 General Disclaimer

The Materials have been compiled by Company from internal and external sources. However, while Company has attempted to provide accurate information on the Site, no representation is made or warranty given as to the completeness or accuracy of the Materials. In particular, you should be aware that the Materials may be incomplete, may contain errors, or may have become out of date. You should therefore verify information obtained from this Site before you take any action upon it.

THE INFORMATION PROVIDED ON THIS SITE IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT.

WE ARE NOT LIABLE FOR ANY DAMAGES SUFFERED BY OR INJURY CAUSED TO YOU, INCLUDING ANY DIRECT, INDIRECT, SPECIAL, CONSEQUENTIAL, AND/OR INCIDENTAL DAMAGES, RESULTING FROM YOUR ACCESS TO, OR INABILITY TO ACCESS, THIS SITE, OR FROM YOUR RELIANCE ON ANY INFORMATION PROVIDED IN THE SITE, EVEN IF WE AND/OR OUR AFFILIATES HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

No advice or information, whether oral or written, obtained by you from us shall create any warranty not expressly made herein.

We periodically schedule system downtime for maintenance and other purposes. Unplanned system outages also may occur. We have no liability whatsoever for the resulting unavailability of the Web site or for any loss or transactions caused by planned or unplanned system outages or the resulting delay, misdelivery, or non-delivery of data or other information caused by such system outages, or any third party acts or any other outages of Web host providers or the Internet infrastructure and network external to the Site.

1.5 Links to Third Party Web sites: Framing

This Site may provide links or references to other sites, including sites provided by the United States government. We have no responsibility for the content of these other sites, do not make any representations or give any warranties with respect to any information contained in or at these other sites, and shall not be liable for any damages or injury arising from the content of these other sites. We do not endorse companies or products to which we have provided links. Any links to other sites are provided merely as a convenience to you as a user of this Site and, if you decide to access any of the third party sites linked to this Site, you do so entirely at your own risk. We reserve the right to terminate any link or linking program at any time. You acknowledge that this Site may link to other Web sites not controlled by us and that we are not responsible for the data collection policies of these sites. You are advised to consult the terms of use, acceptable use policies, or other agreements of each Web site you visit.

There may be circumstances where access to this Site is provided by a hypertext link located at another Web site. We do not make any representations or give any warranties with respect to any information contained in or at these other sites and we are not liable for any damages or injury arising from the content of these other sites. We do not endorse the individuals, companies or other similar entities, or any products or materials associated with such individuals, companies or other similar entities, which provide a link to this Site at their Web sites. Unless approved in writing in advance by us, you agree not to: (a) provide or create a link to this Site; and (b) not to create any frames at any other Web sites pertaining to any of the Materials located at this Site.

1.6 Revisions and Errors

The Materials published on this Site may include technical inaccuracies or typographical errors. Changes -- including, but not limited to, quoted prices -- may be made periodically to the Materials. We may also make improvements and/or changes in the products and services and/or the programs described in the Materials at any time without notice. We have the right to revise these Terms at any time by updating this posting. By linking, accessing, browsing, and/or using this Site, you agree to be bound by any such revisions and should therefore periodically visit this Site to determine the then-current Terms to which you are bound.

1.7 Disclosure: Forward-Looking Statements

Some of the Materials may contain projections or other forward-looking statements regarding future events or our future financial or technical performance. We wish to caution you that these statements are only predictions and actual events or results may differ materially. Although such projections and other forward-looking statements are accurate at the time they are made available, such information is provided for informational purposes and is provided "as is" without warranty of any kind. We make no representations and disclaim all express, implied, and statutory warranties of any kind to you and/or any third party including warranties as to accuracy, timeliness, completeness, merchantability, or fitness for any particular purpose. We assume no obligation to update or ensure the accuracy of the projections and forward-looking statements posted on this Site. We are not liable for any errors or delays in the delivery of such information provided through this Site or for any actions taken in reliance thereon.

1.8 Your Communications With Us

Subject to the parameters and restrictions set forth in our Online Privacy Policy, we are under no obligation to refrain from reproducing, publishing, or otherwise using communications you send to or receive from this Site or otherwise send to or receive from us by electronic mail or other electronic means, including any ideas, inventions, concepts, techniques, or know-how disclosed therein, for any purpose, including the developing, manufacturing, and/or marketing of products or services incorporating such information. You hereby give us your consent to use your personal data consistent with our Online Privacy Policy.

1.9 Products and Services Availability

We may provide access to international information, which information may contain references or cross references to products, programs, and services that are not currently available in your country. Our provision of references to such products, programs, and services does not necessarily mean or otherwise imply that the products, programs, and services announced or discussed are available in countries other than the United States. Also, we are a service provider operating in some, but not all, markets within the U.S. Therefore, we may provide access to information that may contain references or cross references to products, programs, and services that are not announced or available in all U.S. markets. Our provision of references to such products, programs, and services does not necessarily mean or otherwise imply that the products, programs, and services announced or discussed are available in all United States markets or all markets where we conduct business.

1.10 Governing Law and Jurisdiction: Compliance With Laws

These Terms and access to this Site are governed by U.S. Federal Law and/or the laws of the State of Nevada. Any legal action or proceeding relating to your access to, or use of, this Site shall be instituted only in a state or federal court located in Las Vegas, Nevada, U.S.A. You and we agree to submit to the jurisdiction of, and agree that venue is proper in, these courts in any such legal action or proceeding.

All information available at this Site is subject to U.S. export control laws and may also be subject to the laws of the country where you reside. All our products and publications are commercial in nature. Any Materials copied or downloaded from this Site for or on behalf of the United States of America, its agencies and or instrumentalities ("U.S. Government"), is provided with restricted rights. Use, duplication, or disclosure by the U.S. Government is subject to the restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 or subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights at 48 CFR 52.227-19, as applicable.

1.11 Waiver

No delay or omission by us to exercise any right occurring upon any noncompliance on your part with respect to any of the Terms of this Agreement shall impair any such right or power or be construed to be a waiver thereof. Any

waiver by us of any of the covenants, conditions, or agreements to be performed by you shall not be construed to be a waiver of any succeeding breach thereof or of any covenant, condition, or agreement herein contained.

1.12 Trademark Information

Any product, service or name that are trademarks, service marks or constitute other of our proprietary rights may be used publicly only with our prior permission.

1.13 Application of Tariff

This tariff contains our regulations and rates applicable to the furnishing of Interstate, or state-to-state, and International Switched Voice Service, between its customers and overseas points as listed herein. Service is furnished subject to the availability of facilities and subject to transmission, atmospheric and like limitations. Calls to a foreign country or area, or calls routed through a foreign country or area, are subject to such restrictions as may be enforced from time to time by the authorities in that country or area.

3. DEFINITIONS AND ABBREVIATIONS

Ancillary Call Unit (ACU) - Where applicable, a Call Unit applied to the next thirty seconds of call duration of an international call after the minimum call unit has been applied. After the MCU and ACU are satisfied, incremental call units will be applied.

Bill Second - One-sixtieth of a minute.

Calling Card - Cards issued by the Company at a Customer’s request for the purpose of making long distance calls the charges for which are accrued and billed on the Customer’s next invoice.

Call Unit - The basic unit by which calls are rated by the Company.

Caribbean Countries - Anguilla, Ascension Island, Antigua, Bahamas, Barbados, Bermuda, British Virgin Islands, Cayman Islands, Dominica, Dominican Republic, Grenada, Jamaica, St. Kitts, Nevis, Montserrat, St. Lucia, Turks/Caicos, Trinidad/Tobago, St. Vincent.

Cents Per Minute (CPM) - The Company's charges billed in whole cents or fractions of cents for the call duration in seconds for Minimum Call Units (e.g., 30 seconds) and Incremental Call Units (e.g., 30 seconds), without the addition of any Equivalent Call Units (ECU's).

Cents Per Minute (CPM) - The Carrier's charges billed in whole cents or fractions of cents as Minimum, Ancillary and/or Incremental Call Units and applied to the duration of time in minutes or fractions thereof beginning when the Customer's call is connected to Carrier's network and ending when the call is disconnected from the network.

Company - Whenever used in this tariff, "Company" refers to the entity providing telecommunications services under this tariff.

Commission - Federal Communications Commission (FCC).

Contract Call Unit (CCU) - A Call Unit used for Carrier's Contract Rate offerings whose time values are determined in the contract negotiations preceding the tariffing of each contract rate offering and may be used in lieu of Minimum, Ancillary and/or Incremental and/or Total Call Units to recover the transport costs for completed calls.

Customer - Any person, firm, partnership, corporation, or other entity responsible for payment for telecommunications services and for complying with the terms and conditions of this tariff.

Equal Access - Local access connections permitting 1+ dialing.

Equivalent Call Unit (ECU) - A Call Unit with a specified value which is applied to recover the additional costs other than transport incurred by us in providing service to you.

Gross Receipts - Customer's total charges billed per invoice, including all call units, miscellaneous charges, fees, assessments, taxes and any other charge in connection with the services rendered and for which Customer is invoiced and for whose payment Customer is responsible.

Incremental Call Unit (ICU) - A Call Unit by which the incremental duration of calls is charged.

Minimum Call Unit (MCU) - A Call Unit by which the minimum duration of a call is charged.

Minimum Period - The minimum period of time for which charges are incurred or to which billing time is rounded.

Single Call Unit (SCU) - A Call Unit whose transport value is uniform as between the minimum and any incremental call duration, that is, the transport value of the MCU and each ICU is the same.

Switched Access - The method for accessing the Carrier's network by using the local exchange telephone switched network.

Toll Free Access Service (TFAS) - Service accessed by dialing the prefixes "800," "888," "887" or any similar prefix for toll free access long distance services.

Total Call Units (TCU) - The sum of all call units which determines the total service charges applicable to a call.

Usage Increments - Increments of call duration in seconds used to determine the number of ECU's applicable to calls of 20 minutes or less.

4. ADMINISTRATIVE TERMS AND CONDITIONS

4.1 Undertaking of Company

Our services are furnished twenty-four hours a day, seven days a week to make long distance calls that originate in the Continental United States. Additionally, our services are furnished twenty-four hours a day, seven days a week to make long distance calls where facilities are available that originate in the Continental United States, Alaska, Hawaii, Puerto Rico and the U.S. Virgin Islands and terminate at international locations. Upon reasonable request, Company will arrange for installation, operation, and maintenance of the communications services it provides. Additional charges may apply.

4.2 Limitations

Our services are offered subject to the availability of the necessary facilities and equipment and we reserve the right to discontinue or limit service when necessitated by conditions beyond our control, or if you use our services in violation of this tariff or the law.

We do not undertake to transmit messages, that is, we are not and will not be liable for errors in transmission or for failure to establish connections.

We will refuse to process Calling Card calls when authorization for use of the card cannot be validated.

We reserve the right to discontinue service, limit service, or to impose requirements on you as our customer when required to meet changing regulatory or statutory rules and standards, or when such rules and standards have an adverse material effect on the business or economic feasibility of providing service. The exercise of these rights will be determined by us in our reasonable judgment.

4.3 Assignment or Transfer

All services provided under this tariff are directly or indirectly controlled by us and you may not transfer or assign your service or facilities without our express written consent. If we do give our consent, any transfer or assignment is approved only if the transfer or assignment can be completed without an interruption in the use or a change in location of our service or facilities. All terms and conditions contained in this tariff apply to each approved transferee or assignee.

4.4 Use

Our services provided under this tariff may be used for any lawful purpose for which our service is technically suited.

4.5 General Customer Eligibility Requirements

We offer service if you meet the following general eligibility requirements. Additional eligibility requirements may apply for specific services and will be described and prescribed in the sections of this tariff applicable to each service offering based on specific eligibility requirements in addition to those following.

4.6 No Non-Payment of Charges

At any time within one year prior to ordering service from us, you may not have had your account with another telecommunications service provider canceled for non-payment of charges.

4.7 Timely Payment of Charges

At any time within the six (6) months prior to ordering service from us, you may not have had any history of late payment charges for services provided by another telecommunications service provider.

4.8 No History of Delinquencies

Presently, or at any time during a previous service period with us or any commonly-owned telecommunication service provider, you may not have had or have any delinquencies in payment of applicable charges.

4.9 Creditworthiness

Prior to and at all times during service terms, you must have and maintain credit worthiness determined to be satisfactory to us in our sole and absolute discretion.

4.10 Limitations on Our Liabilities in Rendering Service

Our liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in transmission that occur in the course of furnishing service or facilities, shall in no event exceed the amount equal to the applicable charges for the period during which the problem with the transmission(s) occur.

Also, we are not liable for claim or loss, expense or damage (including indirect, special or consequential damage), for any interruption, delay, error, omission, or defect in any service, facility or transmission provided under this tariff, if caused by any person or entity other than ourselves, nor are we liable for any malfunction of any service or facility provided by any other telecommunications service provider, or by an act of God, fire, war, civil disturbance, or act of government, or by any other cause beyond our control.

Under the law, as a "common carrier" we are not liable for, but you are fully responsible for indemnifying and holding us harmless against any claim or loss, expense, or damage (including indirect, special or consequential damage) for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, unfair competition, interference with or misappropriation or violation of any contract, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data, information, or other content revealed to, transmitted, or used by us in providing services under this tariff; or for any act or omission; or for any personal injury or death of any person caused directly or indirectly by the installation, maintenance, location, condition, operation, failure, presence, use or removal of equipment or wiring provided by us, unless directly caused by our own negligence. Further, we are not liable for any defacement of or damages to your premises that result from our furnishing you service unless it is the direct result of our own negligence.

In connection with furnishing toll free access services (the 1+800 type of service), we act as an administrator of those numbers and service (called a "Responsible Organization") or where your toll free access service (TFAS) is not available on the date we committed to, or we cannot otherwise make such service available after we have accepted your order, or we must provide you a number or numbers other than the one(s) you requested and we committed to provide you, or your number or numbers are not included in the TFAS Directory Assistance or are included in an incorrect form, or the Vertical Features available with such services are not obtained or obtained in error, if any of such failure or failures listed above are due solely to our own negligence our liability, if any, is limited to the lesser of (a) the actual monetary damages incurred and proved by you to be the direct result of such failure or failures, or (b) the sum of \$1,000.00. We are not liable at all for (a) circumstances surrounding any FCC actions limiting the

availability of 800/888/887 or similar numbers, or (b) the use, misuse, or abuse of your TFAS by third parties, including, without limitation, your employees or members of the public who dial your TFAS number by mistake. Recovery for any injury you may suffer due to the fault of others must be sought from those other parties. In the event we do mis-route a call, our sole liability shall be to provide you a credit equal to the charges for the affected call.

4.11 Use of Recording Devices

You or your Authorized Users may use recording devices when using our service, but you do so at your own risk.

You or your Authorized User may use a recording device only if such use complies with the following requirements.

You must be able to connect or disconnect the recording device, or turn the recording device on or off, at will.

You or your Authorized User may record a conversation if you or your Authorized User obtain a written or verbal consent to the recording of all parties to the conversation prior to or at the beginning of the conversation.

You or your Authorized User must provide a distinctive recorder tone that must be repeated at intervals of approximately fifteen (15) seconds to alert all parties to the conversation that a recording device is being used. These requirements will not apply if you are a radio or television broadcast licensee that uses a recording device to record a conversation for broadcast if all parties to the conversation are aware that the conversation will be broadcast.

4.12 Taxes, Surcharges and Utility Fees

State and local taxes, including but not limited to gross receipts taxes, sales taxes, and municipal utilities taxes are listed separately and are not included in the rates listed in this tariff.

4.13 Payment for Service

Service is provided and billing is on a monthly basis. Service continues to be provided until thirty days after our receipt of a written request from you for the disconnection of service, unless other restrictions apply. In addition to charges for our service, you must pay any applicable federal, state or local use, excise, sales, or privileges taxes, and/or assessments or fees resulting from the services furnished by us. Such taxes, assessments or fees shall not be counted toward the attainment of any volume or revenue commitment and will not be discounted.

You are responsible for payment of all charges for services furnished by us. This includes payment for calls or services (a) originated at your telephone number(s) whether authorized or not; (b) accepted at your number(s) (e.g., 800 service calls, collect calls); (c) billed to your number(s) via Third Number Billing, the use of a Calling Card, or the use of an Authorization Code, Calling Card Number, or other special billing number we assigned at your request; and/or (d) incurred at your or your representative's specific request.

As a customer of our TFAS, you are responsible for payment for all calls placed to or via your TFAS number(s). This responsibility is not changed by virtue of any use, misuse, or abuse of your service or customer-provided systems, equipment, facilities or services interconnected to your TFAS, which use, misuse or abuse may be occasioned by third parties, including without limitation, your employees and members of the public who dial your TFAS number(s) by mistake.

If notice of a dispute as to your charges is not received, in writing, within thirty (30) days after an invoice is rendered, that invoice shall be deemed correct and is binding upon you. If you have a legitimate dispute, you are nonetheless required to pay the undisputed portion of your bill in its entirety. If your account is not paid within thirty-three (33) days from the date we post your charges to your invoice, all applicable charges for the immediately preceding billing period (the "current invoice") are delinquent. Current invoices are mailed, e-mailed or otherwise sent to you on or by the same date all charges are finally posted for the immediately preceding billing period. Delinquent payments may result in the imposition of a late fee at the rate of one and one-half percent (1.5%) of the unpaid balance per month or the maximum allowable under applicable state law (with the exception of Florida and Georgia, where the rate is at 1.2%). For disputed bills, the terms of payment shall be according to the principles of federal telecommunications law as stated in the Communications Act of 1934, as amended, the decisions of federal and state courts thereunder, the decisions, orders, rules and regulations of the Federal Communications Commission (FCC) and our applicable tariffs or contract as posted on this site or as filed and maintained with the FCC.

If you accumulate more than \$100.00 of undisputed delinquent TFAS Service charges, we will not honor your request

to change you service to the administration to another Responsible Organization until such undisputed charges are paid in full.

4.14 Collection Procedures and Obligations

In the event we must incur fees or expenses, including attorney's fees, to collect, or attempt to collect, any charges owed by you, including charges alleged to have resulted from fraud or abuse of your services, you are fully liable for all such fees and expenses, including our reasonable attorney's fees, incurred to collect or to attempt to collect our charges and are further subject to the following legal requirements.

You must pay all charges due and owing irrespective of any claims of loss, liability, set off, damages, or other claims against us to which you may claim to be entitled. Your duty to pay such charges shall arise upon our demand for payment and you may not delay or defer payment because of the commencement of any legal or equitable action by you or by us in connection with such charges incurred under this tariff.

You further agree that all actions, suits or proceedings to recover charges due under this tariff shall, at our discretion, be prosecuted in the state or federal courts in the state in which we maintain our principal offices. You consent to and submit to the exercise of jurisdiction over the subject matter, waive personal service of any and all process upon you, and consent that all such service of process be made by registered mail directed to your address as known by us. Service so made shall be deemed to be completed five business days after such process shall have been deposited in the mail, postage prepaid. You also waive trial by jury, any objection based on forum non conveniens, any objection to venue or jurisdiction of any action instituted hereunder, and consent to the granting of such legal or equitable relief as deemed appropriate by the Court.

In the event we do incur fees or expenses, including attorney's fees, in collecting, or attempting to collect, any charges owed by you, we will charge you all such fees and expenses reasonably incurred, including the late payment fee on the unpaid charges accruing at a rate of one-and-one half percent (1.5%) per month. Late payment fees on unpaid charges shall begin to accrue thirty-three (33) days from the date we post to your invoice all your applicable charges for the immediately preceding billing period (the "current invoice"). Current invoices are mailed e-mailed, or otherwise sent to you on or by the same date all charges are finally posted for the immediately preceding billing period. Late payment fees are separate and distinct from attorney's fees and other costs incurred in collecting charges owed to us.

We shall assess a charge of \$25.00 whenever a check or draft presented for payment of service is not accepted by the institution on which it is written.

4.15 Service Term Commitments

Termination Charges - Discontinuance Before Expiration. Should customer discontinue service before the expiration of any term commitment specified in this tariff, customer shall be liable for termination charges as specified in the term commitment.

90-Day Term Agreement – In consideration for the value of various promotional offerings granted to certain new customers, such customers may elect to be subject to a 90-Day Term Agreement. Should a customer under this term agreement terminate service with Company prior to completion of the term, that customer is subject to an early termination charge equal to the amount of estimated billing for such customer, applied on a pro-rata basis for the remainder of the term. The monthly estimated billing for a customer is determined by customer's previous carrier's invoice. The initiation date of the term is deemed the date of customer's first call. The date of termination of service is deemed as the date Company's Winback Department notes customer's account as in "jeopardy." The pro-rata early termination charge amount is determined by multiplying customer's monthly estimated billing by three (3) (to determine the total term estimated billing), determining the percentage of the remaining days of the term after termination, as compared to the entire term, and applying the remaining term percentage to the total term estimated billing. Percentages are rounded up to the next whole number, and termination charges are rounded up to the next whole dollar. The early termination charge will be applied to customer's next invoice after the date of termination. Customer's 90-Day Term Agreement will automatically renew for subsequent additional 90-Day terms unless customers cancel their account within 30 days of completion of the current term.

6-Month Term Agreement – In consideration for the value of various promotional offerings granted to certain new customers, such customers may elect to be subject to a 6-Month Term Agreement. Should a customer under this term agreement terminate service with Company prior to completion of the term, that customer is subject to an early

termination charge equal to the amount of estimated billing for such customer, applied on a pro-rata basis for the remainder of the term. The monthly estimated billing for a customer is determined by customer's previous carrier's invoice. The initiation date of the term is deemed the date of customer's first call. The date of termination of service is deemed as the date Company's Winback Department notes customer's account as in "jeopardy." The pro-rata early termination charge amount is determined by multiplying customer's monthly estimated billing by six (6) (to determine the total term estimated billing), determining the percentage of the remaining days of the term after termination, as compared to the entire term, and applying the remaining term percentage to the total term estimated billing. Percentages are rounded up to the next whole number, and termination charges are rounded up to the next whole dollar. The early termination charge will be applied to customer's next invoice after the date of termination. Customer's 6-Month Term Agreement will automatically renew for subsequent additional 6-Month terms unless customers cancel their account within 30 days of completion of the current term.

1-Year Term Agreement – In consideration for a guarantee, granted to certain new customers, that a customer's long distance Interstate and Intrastate/IntraLata usage rates will not increase during the Agreement term, such customers may elect to be subject to a 1-Year Term Agreement. Should a customer under this term agreement terminate service with Company prior to completion of the term, that customer is subject to an early termination charge equal to the amount of estimated billing for such customer, applied on a pro-rata basis for the remainder of the term. The monthly estimated billing for a customer is determined by customer's previous carrier's invoice. The initiation date of the term is deemed the date of customer's first call. The date of termination of service is deemed as the date Company's Winback Department notes customer's account as in "jeopardy." The pro-rata early termination charge amount is determined by multiplying customer's monthly estimated billing by twelve (12) (to determine the total term estimated billing), determining the percentage of the remaining days of the term after termination, as compared to the entire term, and applying the remaining term percentage to the total term estimated billing. Percentages are rounded up to the next whole number, and termination charges are rounded up to the next whole dollar. The early termination charge will be applied to customer's next invoice after the date of termination.

Discontinuance Without Liability - Customers may discontinue service before expiration of any term commitment specified in this tariff without incurring the applicable termination charges if customers restructure their service by agreeing to a new service term of equal or greater length as that of the service term customer discontinues or to a new service with a greater volume commitment for a term, the combination of which (that is, the new term and greater volume commitment) has a value equal to or greater than the value of the service being discontinued.

4.16 Deposits

You are required to establish credit. If you have not or do not establish credit to our satisfaction, we will require a deposit as a guarantee of your payment of our charges. If you are an existing customer you may still be required to make a deposit or increase a deposit we presently hold. Your deposit will be held for as long as your financial condition or credit worthiness so warrants as determined by us. The fact that a deposit has been made in no way relieves you from the prompt payment of our bills upon presentation.

4.17 Advance Payments

We may in addition to a deposit or in substitution of a deposit require you to make an advance payment in an amount equal to or less than two months of your estimated billing.

4.18 Interconnection with Other Carriers

Service furnished by us to you may be connected with the services or facilities of other carriers. Such service or facilities, if used, are provided under the terms, rates and conditions of the other carrier. You are responsible for all charges billed by other carriers for use in connection with our service. Any special interface equipment or facilities necessary to achieve compatibility between us and other carriers is your responsibility.

4.19 Refusal or Discontinuance by Company

We may refuse or discontinue service for your non-compliance with and/or violation of any Federal, State or municipal law, ordinance or regulation pertaining to telephone service. Service may also be discontinued or refused under the following conditions:

For your neglect or refusal to provide reasonable access to us for the purpose of inspection and maintenance of equipment owned by us; for non-compliance with and/or violation of the Commission's regulations or our rules and

regulations; for non-payment of bills for telephone service thirty-three (33) days from the date we post to your invoice all applicable charges for the immediately preceding billing period (the "current invoice"), or if you indicate to the Company that you do not intend to pay for service used by you, whether your account is current or not. Current invoices are mailed, e-mailed, or otherwise sent to you on or by the same date all charges are finally posted for the immediately preceding billing period.

4.20 Disconnection Procedures

We will give you written notice at least one week before we disconnect your service for nonpayment of charges.

We will disconnect you without notice in the event you indicate to the Company that you do not intend to pay for service used by you, whether your account is current or not.

We will disconnect you without notice in the event your use of equipment or services adversely affects our equipment, financial status, or our service to others or in the event you tamper with equipment we furnish that is owned by us.

We will disconnect you without notice in the event of unauthorized or fraudulent use of our service. Whenever service is discontinued for fraudulent use of service, before restoring service, we will require you to make, at your own expense, all changes in facilities or equipment necessary to eliminate illegal use and pay us an amount reasonably estimated as the loss in revenues we sustain as a result of the fraudulent or unauthorized use.

We will disconnect you when necessary for us to comply with any order or request of any governmental authority having jurisdiction.

We will disconnect you without notice for any unauthorized or unlawful use of calling card numbers and/or Authorization Codes issued by us or in the event you sell, attempt to sell or otherwise distribute calling cards and/or Authorization Codes or attempt to do so without our prior written consent.

4.21 Inspection, Testing and Adjustment

Upon reasonable notice, the services provided by us must be made available to us for tests and adjustments as may be deemed necessary by us for maintenance. No interruption allowance will be granted for the time during which such tests and adjustments are made when the interruption is less than twenty-four consecutive hours.

4.22 Interruption of Service

Credit allowances for interruptions of service which are not due to the our testing or adjusting, to your negligence, or to the failure of channels, equipment or communications systems provided by you, are subject to the *general liability provisions* set forth herein. It shall be your obligation to notify us immediately of any interruption in service for which you want a credit allowance. Before giving us such notice, you must ascertain that the trouble is not within your control, or is not in your wiring or equipment, if any, connected to our terminal. Interruptions caused by automatic dialing equipment are not deemed an interruption of service as defined in this tariff since you have the option of using the long distance network via local exchange company access.

4.23 Cancellation of Application for Service

No charge applies if you cancel an application for service prior to our start of installation or special construction.

When you cancel an application for service after the start of installation or special construction, you must pay a cancellation fee which is the lesser of 1) the costs incurred by us or 2) the charge for the minimum period of the service ordered, plus applicable installation charges.

You may cancel service by providing 30 days written notice to us. You are responsible for payment of all charges incurred up to the cancellation date and any past due amounts remaining on your bill.

4.24 Marketing of Telecommunications Services

We use telemarketing, direct mail campaigns, independent agents, or any combination thereof, in the marketing of our services. Each of our agents, telemarketers and all marketing personnel are instructed as to the application of our tariff and that its express terms, conditions and rates are the exclusive authority governing your rights to receive our services.

We expressly disclaim any liability for any of our agent's, telemarketer's or marketing personnel's actions, inaction's, representations, promises, and/or statements which in any material way conflict with, or are in contravention of, the provisions of this tariff. You are charged with **constructive notice** of the terms, conditions and rates governing our services made available pursuant to this tariff. You are cautioned to contact us immediately to confirm and/or clarify the exact terms, conditions or rates for service should any question arise with respect to said terms, conditions or rates for service, whether or not such question arises from the actions, inaction's, representations, promises, and/or statements of any of our agents, telemarketers, marketing personnel or otherwise.

No agent, telemarketer or marketing personnel may change, alter, revise, move or terminate your rate or service without the express written consent of both of us.

We adhere to the rules of the FCC regarding the procedures to verify your service orders to change your Primary Interexchange Carrier (PIC). In the event of a dispute about your having selected us as your PIC, the following rules apply:

You must pay us all charges incurred for usage of our services up to the time your service is changed to another PIC of your choosing.

Credits for PIC change charges shall apply in accordance with Rule 64.1100 of the FCC's Rules.

No credit shall be given for any differences in our charges and your previous PIC unless it is reasonably demonstrated that we knew or should have known, prior to the change having been ordered, that your authorization had not been verified by one or more of the procedures set forth in Rule 64.1100 of the FCC Rules.

4.25 Arbitration of Disputes

All disputes concerning or affecting any service, rating of services, transfer of service, payments on account, credits, promotions, special offers or services, or any action or service of Company and/or its agents and/or any billing, bills, invoices, or statements of accounts shall be resolved through binding arbitration. Arbitration of disputes, whether raised by the Company or by the Customer, shall resolve all issues between the Company and the Customer, and shall not involve any form of class or collective arbitration nor any form whatsoever of class action lawsuit. A dispute occurs when the customer fails to pay an invoice or contests it for any reason associated with the ordering, installation, provisioning, maintenance, repair, interruption, restoration or termination of any service or facility offered under this Tariff. Once a dispute is raised, arbitration is mandatory, and counterclaims may be asserted. The arbitration shall be administered by the neutral third party administrator (Administrator) jointly chosen by the customer and Company and shall be conducted under rules and procedures normally followed for arbitrations conducted in this country. As a condition of service under this Tariff, and as disclosed in the customer authorization for service (LOA), any dispute or any counterclaims in response to such a dispute shall be governed by such arbitration rules and procedures.

5. DESCRIPTION OF SERVICES

General

Company offers you outbound long distance service, inbound toll-free access service, calling card service and, in certain instances, prepaid or debit card service. Rates for these services vary by specific service offering; and/or time of day, day of week, type of access, mileage, volume and/or term of commitment. In addition, we offer interstate directory assistance and other miscellaneous services.

Our services are provided for the origination and/or termination of long distance telecommunications within the mainland United States, and termination to international locations. International originating availability varies by service type and we reserve the right to limit our service origination to specific geographic areas.

All of our services are available 24 hours a day, seven days a week.

All of our rates are expressed in U.S. Dollars.

5.1 Service Availability

All of our outbound services are available to you in any area of the U.S. mainland served by an equal access central office. Calls can be placed to any location in the U.S. mainland, Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands.

All of our TFAS or inbound 800/888/887 services are available to you in any area of the U.S. mainland served by an equal access central office. Calls may originate from the mainland U.S., Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands.

Our Calling Card Services are available from originating stations throughout the mainland United States and certain locations in Canada and selected international locations for calling card calls provided these locations are served by an equal access central office or its equivalent. Calls may be placed to any international location where suitable facilities for termination have been arranged..

All other services are available from any location where domestic interexchange service is provided by us on a presubscription basis.

All international services are available only in combination with our domestic interexchange service, unless special arrangements are made.

5.2 Usage Charges - Applicable Rate Periods

Applicable rate periods are indicated below:

Peak Rate Period: Monday through Friday, 9:00 AM to 4:00 PM

Non-Peak Period: Monday through Friday, 4:01 PM to 8:59 AM, all day Saturday and Sunday

Business Day: Monday through Friday, 9:00 AM to 4:00 PM

Non-Business Day: Monday through Friday, 4:01 PM to 8:59 AM, all day Saturday and Sunday

5.3 Recognized Holidays

For the following holidays the Non-Peak/Non-Business Day Rate Period rates apply, unless a lower rate would normally apply:

New Year's Day**

Labor Day*

Memorial Day*

Thanksgiving Day*

Independence Day**

Christmas Day**

* As federally observed.

** When this holiday falls on a Sunday, the Holiday rate applies to calls placed on the following Monday. When this Holiday falls on a Saturday, the Holiday calling rate applies to calls placed the preceding Friday.

5.4 Toll Free Access Service

Numbers Must Be Put to Use. If you are assigned one or more Toll Free Access Service (TFAS) telephone numbers, you must make substantial use of each number. "Substantial use" means you or your business must receive at least 30 minutes of calls on average per month or more. Any TFAS telephone number that has not been placed in actual and substantial use during the first sixty (60) day period after service activation may be recovered by us upon written notice to you.

Number Administration. In accordance with *FCC regulations*, your TFAS number(s) or "ANIs" may only be used for billing and collection, routing, screening, and completion of your calls, that is, calls made by members of the public, your employees or other Authorized Users of your TFAS number(s). Your ANI may not be reused or resold without first notifying us and obtaining our written consent.

Specifically Requested Numbers. If you request a specific TFAS telephone number, we will require you to give us a *Number Reservation Agreement Form*.

Quantity Limited. At no time may you have more than ten (10) TFAS numbers reserved. Any reservation you get

is good for no more than fifteen (15) days. A **TFAS Reservation Fee** must be paid by you. This fee is credited to the unpaid balance on your account after your service has been in actual and substantial use for a consecutive sixty (60) day period.

No Ownership Rights. Nothing in this Section, in any other provision of this tariff, nor in any marketing materials issued by us or on behalf of us, shall give you or any person, including any transferee or assignee of your business or activities, any ownership interest or proprietary right in any particular TFAS number. However, upon placing a number substantially in use as defined above, you do have a controlling interest in the use of the TFAS number(s) assigned to you or your business that you may retain, even if you change your service provider and/or your Responsible Organization

Existing TFAS Numbers at Service Commencement. If you already have been assigned a TFAS number when you begin service with us and request that we take over your TFAS numbers and service when you make your request to us, you must provide us the contact names, telephone number and address of your existing Responsible Organization, and you must execute a Letter of Authorization (LOA) to transfer your existing Responsible Organization responsibility for your TFAS number(s) to us to act as your new Responsible Organization. If you elect to retain your existing Responsible Organization after transferring your service to us, you must notify us of any changes in your Responsible Organization in the future, in writing, within 48 hours of the change. You remain solely responsible for all outstanding indebtedness for services provided by your previous Responsible Organization (s) or TFAS service provider and you indemnify and save us harmless from any claim or liability you have or incur to any other TFAS service provider before, at or after you transfer your other services to us.

Scope of Our Undertaking. Subject to your entering into a **Responsible Organization Service Agreement** with us, we will perform the function of your Responsible Organization for all the TFAS numbers ordered by you unless you request in writing another Responsible Organization to do so. When we act as your Responsible Organization, we will: (1) search for and reserve TFAS number(s) available in the Service Management System (SMS) TFAS database; (2) create and maintain your TFAS number(s) record in the SMS TFAS database; (3) provide you with a single point of contact to report to about your TFAS service and number(s); (4) when we act as your Responsible Organization, at your request we will subscribe to the TFAS Directory Listing for your TFAS number(s) (for which a **charge for this Directory Listing** applies); and (5) we will subscribe to **Vertical Features** obtained from local exchange telephone company access tariffs (for which the **charges in the access tariffs** will be passed on to you, plus 15%). The **Vertical Feature** charge will not be counted toward the attainment of any of your volume or revenue commitments should you have any with us and will not be discounted.

Transferring Service. If you transfers your TFAS service to another Responsible Organization, we will cease to subscribe to the TFAS Directory Listing Service on your behalf and you are responsible for assuring that your TFAS Directory Listing Service is maintained through your new Responsible Organization. You are responsible for payment of any and all of our outstanding TFAS Directory Listing charges, including any unexpired portion of any minimum period applicable to such services. We have no liability for any interruption or other delay, error, mistake, omission or other defect occurring in connection with your transfer of your TFAS Directory Listing.

Cancellation. If you cancel your TFAS, you may elect to retain us as your Responsible Organization at **charges set forth in this tariff**. Further, if you do cancel you are responsible for all outstanding indebtedness owed us and any outstanding charges applicable to your services that we have obtained on your behalf, such as the **Vertical Features charges** of local exchange telephone companies.

5.5 Toll Free Texting Service

Toll-Free Texting Service allows the owners of Toll-Free numbers to send and receive text messages to and from mobile phones as if the Toll-Free number were another mobile device. These texts can be sent and received via the Toll-Free owner's Web Portal, Email, Auto Response, or a mobile device. The Service includes a customized text management portal, complete text delivery/carrier infrastructure with all mobile carriers, complete carrier and text registry integration, and Opt-in/out Authorization and Management Capability.

Company is currently offering the following plans:

Plan TXT1000 - Monthly Toll-Free Text Bundle-incoming or outgoing (up to 1,000 texts): \$25.00 per month
Text Enabled Monthly Number Fee: \$1.35 per number/ per month

Plan TXT2500 - Monthly Toll-Free Text Bundle-incoming or outgoing (up to 2,500 texts): \$50.00 per month
Text Enabled Monthly Number Fee: \$1.35 per number/ per month

Plan TXT5000 - Monthly Toll-Free Text Bundle-incoming or outgoing (up to 5,000 texts): \$90.00 per month
Text Enabled Monthly Number Fee: \$1.35 per number/ per month

Overage charges occur when you exceed your Plan's monthly message allowance. The price per text for messages exceeding your Plan's monthly allotment is- TXT1000: \$0.03/text, TXT2500: \$0.025/text, TXT5000: \$0.02/text. A text message is generated in each instance a mobile phone sends or receives a message (ex. a mobile to mobile message would generate 2 text messages). When messages break into multiple texts, each text message generated (inbound and outbound) shall count as a text message. Pricing, promotions, & terms subject to change & may be modified or terminated at any time without notice.

Customer warrants and represents that it will maintain producible records for a minimum of four (4) years documenting that a clear and conspicuous disclosure has been made to any text recipients that they may receive unsolicited commercial text or email messages via the Texting Services, and that such recipients have unambiguously consented to receive such text or email messages as required by the Applicable Consumer Protection Laws. Customer shall defend and indemnify Company, its affiliated companies, owners, officers, directors, and employees, and hold them harmless from and against any and all liabilities, damages, costs and expenses (including all legal and professional fees) arising out of or relating to any claim brought by a third party based on the conduct of Customer while using the Texting Services, or the failure of Customer to comply with the Applicable Consumer Protection Laws or any other applicable federal, state, or municipal law, regulation, guideline or policy.

"Applicable Consumer Protection Laws" means all applicable industry standards, including but not limited to, the Telephone Consumer Protection Act ("TCPA"), 47 U.S.C. § 227; the Controlling the Assault of Non-Solicited Pornography and Marketing ("CAN-SPAM") Act, 18 U.S.C. §1037; any similar Federal or state laws prohibiting or regulating SMS, email or other messages that may be transmitted via the Texting Services; and all FCC or other agency rules and regulations that implement the forgoing laws.

5.6 Calling Card Services

Two Interstate Services. We offer two calling card services, Standard and the customized Personal Assistance™ services using our calling card platform located in the United States. These services permit you to originate calls from locations served with equal access on the U.S. Mainland, or the off-shore points of Alaska, Hawaii, Puerto Rico or the U.S. Virgin Islands and to terminate those calls via our calling card platform to locations on the U.S. Mainland or at such off-shore locations, and to access and use our value added services by and through our calling card platform.

Standard International Calling Services. We offer our Standard Card Services using our calling card platform located in the United States. These services permit you to originate calls from locations served with equal access on the U.S. Mainland, or the off-shore points of Alaska, Hawaii, Puerto Rico or the U.S. Virgin Islands and to terminate those calls via our calling card platform to international locations and to access and use our value added services by and through our calling card platform.

Availability. Standard and Personal Assistance™ Calling Card Services are available to you during the life of your service with us.

Standard Service Access. Standard calling card services are accessed by dialing toll free access numbers. For standard service, you will be given a toll free number which is shared with other of our customers. Our standard calling card services include all value added services except 3rd Party Call Forwarding.

Personal Assistance™ Service Access. Our customized calling card service, "Personnel Assistance," is accessed by dialing a toll free access number discreetly assigned to you, the "Personal Access Number or "PAN." While the PAN is assigned to you, we retain the rights to and control of your PAN at all times. Upon termination of service for any reason, your PAN will be immediately inactivated.

For more information on the features and functionalities of these services, please click on ***Personal Assistance™ or Standard Service***

Recurring Charges. Charges include monthly recurring charges for usage (*i.e., MCU's and ICUs*) and general cost recovery related charges (*ECU's*) for all types of calls (including database access for retrieval of information and per

participant charges for conference calls), flat rated messaging and fax charges, and third party charges for call forwarding, voice mail and facsimile.

Calling Card Service Off-Shore Locations. Calling Card calls may be placed from the following off-shore locations using a special access code assigned for such locations - Alaska, Hawaii, Puerto Rico and the U.S. Virgin Islands.

Applicable Billing Increments. Unless otherwise provided herein, rates are distance insensitive, but for calls in which there are more than two parties, (conference calls), route segments are calculated on a per participant basis. Our *standard rate structure* applies and all applicable call increments for billing purposes are *rounded at values set forth herein*.

5.7 Telecompetitive Service Offerings ("TSOs")

We strive to make all of our rates as competitive as possible. From time to time, to encourage you to remain with us or to expand your service with us, we may offer you special incentives to do so. These incentives may feature lower rates, volume or term discounts, credits, waiver of charges or other attractive benefits or premiums. If you bring to our attention a particular offer of a competitor that you want us to match or better, we may require you to demonstrate that you have received such a proposal before we will consider matching it or bettering it. We reserve the right also to require you to confirm the competitive offer in writing or to confirm the availability of such offers from web posted tariffs/contracts, marketing materials or other public sources. Our existing *Telecompetitive Service Offerings or TSOs* are set out in this tariff.

5.8 Cellular Phone Calling Card Platform Access

Customers who wish to utilize our calling card platform for International and Interstate long distance calls from their cellular phone can eliminate the need for entering calling card numbers and PIN numbers, where services permit, by registering their cellular phone number with us for originating caller identification. Customers who utilize this service will be billed at the same rates for destinations called from their cellular phone as are charged for their calls made from their account landline(s) pre-subscribed to us. Customer's cellular phone pre-subscription does not change when electing this service. Customers who initiate this service are subject to a \$10.00 activation fee.

6. RATE BASIS AND STRUCTURE

6.1 RATE BASIS AND STRUCTURE –CALL UNITS

Rate Basis. Our charges are based on providing you access to and usage of our network and our related costs of operation. We charge for transporting your calls to their intended destination and for maintaining your connection until you or your called party effectively disconnects from our network. We do not control when effective disconnection occurs as this depends on factors over which we have no or only limited control, such as the availability or absence of automatic timing equipment deployed in the network, failure of one party to hang up, attachment of your or your called party's equipment or for other reasons beyond our control. We cannot and do not assume any liability for holding time duration's or other call completion problems over which we have no control.

Other Costs of Operation. Our charges are also based on our other costs of our operations needed to provide you service, such as general overhead, installation/account set up, general and account administration, fees and costs imposed by regulation, and other costs.

Call Unit Rate Structure. Our charges for a call use a *call unit method* designed to recover our costs of providing connection, call duration and general operating overhead.

Call Unit Billing. To accurately bill in call units, there are three basic types of call units - Minimum, Incremental and Equivalent. Depending on the duration of your call, we add together the type of call units that apply to determine your Total Call Units for that call. We then bill you for the Total Call Units incurred for each of your calls. A similar method of billing is or was used by your local exchange carrier and was called "Message Units." Minimum and Incremental Call Units are each based on standard industry timing intervals of minutes and seconds. Incremental call duration is billed as Incremental Call Units or ICUs using the common minimums to compute any service charges under this tariff for incremental call duration. For example, a minute of call duration in a Total Call Unit would contain 10 Incremental Call Units if based on 6-second intervals or would contain 2 Incremental Call Units if based on 30-second intervals.

6.2 RATE BASIS AND STRUCTURE - ROUNDING

Call Interval Rounding. Like most other providers, we use the industry practice of "rounding," that is, in its most basic form, when call duration does not end on the nearest whole six, thirty or sixty second increment, the call's duration is rounded to the next whole six, thirty or sixty second increment as applicable. Our rounding will vary based on the call intervals used in billing for a particular service. Various rounding formulas are explained below

Rounding at 18/6. Services with billing increments of 6 second increments and an 18 second minimum, are billed as follows - calls of 17 seconds or less are rounded up to 18 seconds which is 1 Minimum Call Unit or MCU and calls of 19 seconds and above which do not end precisely on a full 6 second interval are rounded up to the next highest 6 second interval at call termination.

Rounding at 30/6. Services with billing increments of 6 second increments and an 30 second minimum, are billed as follows - calls of 29 seconds or less are rounded up to 30 seconds which is 1 Minimum Call Unit or MCU and calls of 31 seconds and above which do not end precisely on a full 6 second interval are rounded up to the next highest 6 second interval at call termination.

Rounding at 30/30. Services with billing increments of 30 second increments and a 30 second minimum, are billed as follows - calls of 29 seconds or less are rounded to 30 seconds which is 1 Minimum Call Unit or MCU and calls of 31 seconds and above which do not end precisely on a full 30 second interval are rounded up to the next highest 30 second interval at call termination.

Rounding at 60/60. Services with billing increments of 60 second increments and a 60 second minimum, are billed as follows - calls of 59 seconds or less are rounded to 60 seconds and calls of 61 seconds and above which do not end precisely on a full 60 second interval are rounded up to the next highest 60 second interval at call termination.

Rounding at 36/30. Services with billing increments of 30 second increments and a 36 second minimum, are billed as follows - calls of 35 seconds or less are rounded to 36 seconds which is 1 Minimum Call Unit or MCU and calls of 37 seconds and above which do not end precisely on a full 30 second interval are rounded up to the next highest 30 second interval at call termination.

Rounding at 48/30. Services with billing increments of 30 second increments and a 48 second minimum, are billed as follows - calls of 47 seconds or less are rounded to 48 seconds which is 1 Minimum Call Unit or MCU and calls of 49 seconds and above which do not end precisely on a full 30 second interval are rounded up to the next highest 30 second interval at call termination.

Rounding at 96/30. Services with billing increments of 30 second increments with a 96 second minimum, are billed as follows - calls of 95 seconds or less are rounded to 96 seconds which is 1 Minimum Call Unit or MCU and calls of 97 seconds and above which do not end precisely on a full 30 second interval are rounded up to the next highest 30 second interval at call termination.

Rounding at 168/30. Services with billing increments of 30 second increments with a 168 second minimum, are billed as follows - calls of 167 seconds or less are rounded to 168 seconds which is 1 Minimum Call Unit or MCU and calls of 169 seconds and above which do not end precisely on a full 30 second interval are rounded up to the next highest 30 second interval at call termination.

Rounding at 180/30. Services with billing increments of 30 second increments with a 180 second minimum, are billed as follows - calls of 179 seconds or less are rounded to 180 seconds which is 1 Minimum Call Unit or MCU and calls of 181 seconds and above which do not end precisely on a full 30 second interval are rounded up to the next highest 30 second interval at call termination.

Other Rounding Methods. From time to time, we may tariff and apply other rounding methodologies with combinations of call unit values different from those set forth above.

6.3 RATE BASIS AND STRUCTURE - EQUIVALENT CALL UNITS

Equivalent Call Units. Our costs of providing service not recovered by our charges for call transport are recovered for each call in direct proportion to the duration of that call by applying an *Equivalent Call Unit or ECU*. Your payment of these ECU charges contributes to this cost recovery in direct proportion to your usage of our services. In this way you are not made to contribute to recovery of these costs when you're not using our services and whether

your usage of our service is large or small, your contribution is never disproportionate to that usage. ECU charges are based on call duration. The proper relationship between Usage Increments and applicable ECU charges is illustrated in the table following. For any call you make in excess of twenty minutes, there are no additional ECU's charged for that portion of the call in excess of twenty minutes.

6.4 RATE BASIS AND STRUCTURE - CALCULATIONS

Total charges per call are calculated by using the information provided in the following table to determine the total call units (TCUs) in each call and by multiplying the TCUs by the rates applicable to the service provided. The following table may be used to determine the TCUs in any call of a specified duration as shown following:

Calls in Minutes

<u>Duration (In Minutes)</u>	<u>Formula Calculations</u>
1-19.9	TCUs = [Call Duration (in minutes) x 2.2 + 2.6]
20 +	TCUs = [Call Duration (in minutes) + 26.6]

Note 1: Call duration in minutes is stated as a decimal.

Note 2: The formulas above show calls of one minute or longer in duration for illustrative purposes. All calls are subject to the minimum call unit or call minimum for that call. Calculations should be performed for any particular call with the call minimum for that call as the minimum charge for that call as calculated using the table preceding.

Note 3: Industry standard rounding methodologies are applied in calculating the duration of a call. A call that ends its duration at less than the minimum duration billing increment applicable to that call is rounded to the next highest increment. A call's duration as rounded is then used in the calculation of the total call units on which service charges are based as specified preceding.

Note 4: Customer invoices list the total call units charged per call. TCUs are listed in each invoice in decimals, e.g., 1.0, 2.1, .3, 40.7. Call duration may be determined by using the calculation provided in the table preceding in reverse.

7. BASIC INTERSTATE BUSINESS SERVICE - EQUAL ACCESS DIAL-UP SERVICE

Services Offered. As a business, you are offered our "Basic Business Service" ("BBS"). The BBS provides service only for calls that originate and terminate in the continental United States and include the following services: 1+ Outbound, Toll Free Access, and Calling Card.

Plan Characteristics. BBS charges are time-of-day sensitive, that is, for *Peak/Business Day hours*, the applicable rates are set forth *Rate Table 1* and for *Off-Peak/Non-Business Day hours*, the applicable rates are set forth *Rate Table 2*. In addition, your rates are governed by *monthly minimum usage requirements*, subject to *eligibility requirements*, and may be affected by your service commencement date, that is, if your service commencement date was on or before June 30, 2000, your rates are set forth in *Rate Table 2*. Our charges are also adjusted for call types. That is, all your calls to a mobile/wireless phone are charged the rates in *Rate Table 3*. Our *standard rate structure* applies to both *Peak and Off-peak hours* of service from the commencement of service. Our *standard rounding methodology* applies to both plans and at all hours of service irrespective of service commencement date.

Initial call duration is measured by a **Minimum Call Unit (MCU)**, and additional call duration is measured in **Incremental Call Units (ICUs)** as specified in the following chart:

MCU - Peak	MCU - Off-Peak	ICU - Peak	ICU - Off-Peak
18 seconds	18 seconds	6 seconds	6 seconds
30 seconds	30 seconds	6 seconds	6 seconds
30 seconds	36 seconds	30 seconds	30 seconds

Eligibility. To be eligible for BBS, you must not have had your account with any carrier canceled for nonpayment of charges, must not have a history of late payment of charges at any time during the 12 month period preceding your service commencement date with us, and must have originated and terminated domestic interstate usage within the 30 day period preceding your service commencement date with us.

7.1.4 Most Favored States Service. We offer special rates for the states you call the most or select for other reasons. These are your “Most Favored States” or “MFS” states. You may select up to two states as your MFS states.

To qualify and remain eligible for this MFS Service, your selection cannot be changed for a minimum period of two months after your selection is made. Once your selection is made and you meet and maintain your eligibility, your MFS rates will replace the rates you are or would pay for service to the MFS state or states under other applicable provisions of this tariff. All your calls eligible for the applicable MFS rate must originate in the continental United States and terminate in the MFS state or states. Our standard billing practices apply and you must keep your account current at all times.

Your volume of calls to your MFS state or states must equal or exceed a minimum fifteen percent (15%) of your total interstate and international traffic volume ("MFS Traffic Ratio or "MFSTR"). Your MFSTR is determined by comparing your MFS volume of calls to your total volume of interstate and international calls.

In the event of a shortfall in your MFSTR, determined monthly, you will be charged the difference between the MFS rate or rates for the calls to your MFS state or MFS states and our standard rates applied to your MFS calls. These shortfall charges will be billed in the billing cycle following the shortfall in calls.

Puerto Rico	\$30.00	0.099	0.010	0.030	0.050	0.117

* States not listed are not yet offered as MFS states.

7.1.6 “Unlimited 1+ Dialing” Calling Option

We offer unlimited 1+ direct dialing for a flat monthly rate of \$58.99 for the first line, and \$43.99 per each additional line, for all calls except International calls. Flat fee also excludes calling card charges, Inbound calls, fees, taxes, surcharges, assessments and similar charges. Inbound or calling card calls are billed according to the rates contained within customer’s main calling plan. To receive this option, customers must execute a one-year term commitment

plan.

7.2 BASIC INTERSTATE BUSINESS SERVICES - EQUAL ACCESS CALLING CARD SERVICE

We offer two basic levels of services, Standard and Personal Assistance, and two levels of charges for our Standard Calling Card Service - Basic and Premium. Both our Standard and our Personal Assistance calling card services include *Conference Calling*, *Third Party Calling* and *Database Access* services. You have the option to obtain a third level of service, the *Advantage Card Service* ("ACS") if you meet the *eligibility requirements* for ACS. There are no additional monthly service fees nor access charges applicable to either our Standard Calling Card, Personal Assistance™ Calling Card services, or *Advantage Card Service*. Our *standard rate structure* and our *standard rounding methodology* apply to all types of calling card services.

Rates for Standard Calling Card Service. Our charges for Standard Calling Card Service calls originating and terminating on the U.S. Mainland apply from the time of connection to disconnect of the call accessing our automated operator platform.

	MCU/ICU @ 60 Seconds	ICU @ 6 Seconds	MCU @ 18 Seconds	MCU/ICU @ 30 Seconds	MCU @ 71 Seconds
Basic	0.230	0.023	0.069	0.115	0.272
Premium*	0.150	0.015	0.045	0.075	0.178

* A monthly minimum of \$50 in calling card charges is required.

Rates for Personal Assistance™ Calling Card Services. Our charges for Personal Assistance Calling Card Service calls originating and terminating on the U.S. Mainland apply from the time of connection to disconnect of the call accessing our automated operator platform.

MCU/ICU @ 60 Seconds	ICU @ 6 Seconds	MCU @ 18 Seconds	MCU/ICU @ 30 Seconds	MCU @ 71 Seconds
0.150	0.015	0.045	0.075	0.178

Conference Calls: Our Standard or our Personal Assistance calling card rates apply on a per participant basis, that is, when it is you who institutes or initiates a conference call, often referred to as "chairing the conference call," you will be charged the applicable charges for the full duration of connection time associated with the conference call multiplied by the number of conference call participants you originally designate, *e.g.*, 3 or 4 (the latter being the current maximum number of conference call participants). Charges based on the number of participants designated apply unless a participant is involuntarily disconnected during the conference call.

We will also charge you a reconnect fee for any participant of your conference call that voluntarily disconnects and then reconnects to an on-going conference call:

\$0.50/reconnection

Voice Mail Charges: The following per message charge applies for each voice mail message stored or retrieved.

\$0.50/message

Facsimile Charges: The following per page charge applies for each facsimile page sent or received.

\$0.50/page

Third Party Usage: You may authorize third parties (Authorized Users) to use your Standard or Personal Assistance Calling Card services, including conference calling, voice mail storage and facsimile services. If you are a Personal Assistance customer, your Authorized Users may also use Call Forwarding, but this feature is not available if you are a Standard Calling Card customer only. Our *Standard rates* or our *Personal Assistance rates* apply to calls and services used by an Authorized User.

Database Access Service. Our Standard Calling Card or Personal Assistance rates apply from the time of connection to disconnect of the call accessing our automated operator platform.

Advantage Card Service (ACS). Advantage Card Service (ACS) is offered to you if you meet the *ACS Eligibility* requirements. If you maintain your ACS eligibility, you are entitled to free calling card calling equal to 30% of your average monthly charges for your non-calling card calling beginning with your 2nd invoice following commencement of your ACS service. We call this offer our ACS "Total Calling Advantage".

ACS Eligibility. You are eligible for ACS once you complete a minimum of 30 consecutive days of "on-line" services that is, by using any of our standalone or combination of interexchange, toll free, local, Internet access or Internet site services, by keeping your account current (no delinquencies in payment occurring or having occurred) and by not allowing any interruption in your billing cycle for any reason.

ACS Limitations and Disclaimers.

ACS is offered only in conjunction with our international and intrastate companion ACS offerings as tariffed with the FCC and the states.

Your ACS Total Calling Advantage will be reflected in your second invoice following commencement of your ACS service.

Each month's ACS Total Calling Advantage is noncumulative (cannot be carried over to any following month or otherwise accumulated).

Your ACS Total Calling Advantage is not available with any other promotional offering, or any "save/winback" program offered by us except ACS service may be offered to you to counter a competitive offer that would cause or may have caused you to select another carrier for any of your services, that is, ACS service may be offered to "save" or "winback" your business; provided that at the time, you are neither delinquent in any payments to us nor had an interruption in your billing cycle when you were our customer.

If your ACS service is terminated for cause or if you terminate our ACS service in your discretion, you forfeit all unused credits.

Reinstatement. If you lose your eligibility for the Total Calling Advantage, you may reinstate it by curing any outstanding delinquency and/or by qualifying as a winback customer. Once reinstated, you must maintain your ACS eligibility in good standing at all times.

Rates. Rates are uniform for all calls and are distance and time-of-day insensitive.

7.3 Qualified Rate Adjustments

Qualified Rate Adjustment. From time to time, we may, in responding to the marketplace, apply upward adjustments in your rates, with a corresponding downward adjustment in your minimum monthly usage levels or MMUL's. Such adjustments are based on your in-service date and the time of your last adjustment of any kind in your rates, if any (the "immunity period"). No QRA may be made during the immunity period, nor will any QRA be made if you started service during the immunity period. Any QRA made subsequent to the original posting date of this tariff will be set forth on this web page.

Interstate Services - Qualified Rate Adjustment, January 15, 2021

If you initiated service on or before October 15, 2020, and you are not a party to a usage rate guarantee, your Interstate rates are adjusted upward by two cents (\$0.02), or to the highest available rate, whichever is lower, effective for all Interstate calls on or after January 15, 2021, that are reflected on invoices rendered on or after February 15, 2021. To determine your adjusted rate level, refer to your applicable Rate Table(s).

8. INTERNATIONAL RATE PLANS

Our international services are offered based on **monthly minimum usage (MMU)** requirements, that is, the rate plan

that governs your international service will be based on your minimum usage of all our services - interstate, intrastate and international. If you meet the applicable specific **MMU** requirements and the common **eligibility requirements** and select the associated rate plan, the following International Service Rates apply to all calls that originate in the continental United States and terminate at an international location. The **MMU** levels herein applicable differ from our **Most Favored Nation (MFN's)** in that these latter are based on MMU's for international service only. MMU's associated with each rate plan are as follows:

Graduated Rate Category	Rate Plan	Minimum Monthly Usage Levels
XII	Classic Q	\$-0-
XI	Classic 1	\$10.00
X	Classic 2	\$20.00
IX	Global	\$30.00
VIII	Classic U	\$40.00
VII	Super U	\$50.00
VI	Green Rates	\$60.00
V	Red Rates	\$70.00
IV	White Rates	\$80.00
III	Blue Rates	\$90.00
II	C3 Rates	\$100.00
I	EM Rates	\$110.00

Initial call duration is measured by a **Minimum Call Unit (MCU)**, and additional call duration is measured in **Incremental Call Units (ICUs)** as specified in the following chart:

Basis	MCU - Peak	MCU - Off-Peak	ICU - Peak	ICU - Off-Peak
A	30 seconds	30 seconds	6 seconds	6 seconds
B	30 seconds	30 seconds	30 seconds	30 seconds
C	30 seconds	77 seconds	6 seconds	30 seconds

You must keep your account current and must not have had any late payment or non-payment during the three-month period preceding your initiation of Global Service. Your volume of international traffic must equal or exceed five percent (5%) of your total interstate and international traffic volume with us ("Traffic Ratio"). Your Traffic Ratio is determined by historical terminating traffic volumes as compared to your total volume of interstate and international traffic with us. In the event of a **shortfall** in your Traffic Ratio, determined monthly, you will be charged the difference between our standard rates for service for the shortfall month and the Global Rates provided here, whichever is greater.

8.1 Classic Q Rate. No MMU required.

8.10 Qualified Rate Adjustments

Qualified Rate Adjustment. From time to time, we may, in responding to the marketplace, apply upward adjustments in your rates, with a corresponding downward adjustment in your minimum monthly usage levels or MMUL's. Such adjustments are based on your in-service date and the time of your last adjustment of any kind in your rates, if any (the "immunity period"). No QRA may be made during the immunity period, nor will any QRA be made if you started service during the immunity period. Any QRA made subsequent to the original posting date of this tariff will be set forth on this web page.

Qualified Rate Adjustment January 15, 2021. Customers who initiated service on or before October 15, 2020, whose services are not a part of an unexpired term plan or usage rate guarantee, and have not experienced an International rate adjustment during the previous three consecutive invoices will have their rates adjusted upward by two rate categories, or to the highest available category whichever is lower, effective on all calls on or after January 15, 2021 that will be reflected on invoices rendered on or after February 15, 2021. Customers, who have elected any Most Favored Nation rates, will have those rates removed in lieu of a category adjustment in their International rate categories. To determine your adjusted rate level, refer to your applicable Rate Table(s).

9. INTERNATIONAL CALLING CARD SERVICES.

Standard Services. We offer a Standard Calling Card service via our calling card platform located in the United States. With our calling card service you can place calls from domestic U.S. and offshore locations to international locations and from international locations where equal access or its equivalent access capability exists to locations

anywhere in the world capable of terminating such calls.

Standard Service Features. By accessing our calling card platform, you can access and use our value added services to send or receive voice mail messages and/or facsimiles, initiate and conduct up to four (4) party conference calls, forward calls to other destinations, access available information services and make calls to Directory Assistance. Our voice mail service accessed by use of the Calling Card provides message storage capacity of 30 minutes and facsimile storage capacity of 99 pages. Calling Card holders may also access a variety of available information databases. Standard calling card services include all value added services except 3rd party call forwarding.

Recurring Charges. Except as set forth following, monthly recurring charges include transport (usage) (MCU's and ICUs) and non-transport (non-usage) charges (ECUs) for all types of call usage's (including database access for retrieval of information and per participant charges for conference calls), flat rated messaging and fax charges, and third party charges for call forwarding, and voice mail, but not facsimile for which the ECU component is waived.

Route Segment Charges. Rates are distance insensitive, but for calls originating and terminating between international locations, rates are based on the combination of route segments needed to complete the call, that is, the originating route to our calling card platform and the terminating route from the calling card platform to the call destination. Charges based on the combination of route segments apply where the originating location is domestic U.S. or an international location, including Canada or Mexico, and where the terminating location is the domestic U.S. or an international location, including Canada or Mexico. Either the origination or termination location of each call is subject to charges for the route segment of the call which originates from a U.S. domestic location to our calling card platform or for the route segment of the call which terminates from our calling card platform to a U.S. domestic location.

Multi-party Conference Calls. Charges for route segment combinations for multi-party conference calls are calculated on a per participant basis and applicable billing increments apply to each route segment as well.

9.1 INTERNATIONAL STANDARD CALLING CARD SERVICE AND RATE TABLE.

U.S. to International Points - Standard: Rates for Standard Calling Card service calls originating in the United States and terminating at international locations apply from the time of connection to disconnect of the call accessing our calling card platform. Countries for which no rates are listed are not yet available for service.

9.2 INTERNATIONAL TO INTERNATIONAL STANDARD CALLING CARD SERVICE AND RATE TABLE

International to International Points - Standard: Calling card calls may originate and terminate at international locations only with our Standard Calling Card service. Rates are determined first by the country of call origin (the originating rate) and then by the country in which the call is terminated (or countries if the call is a conference call) (the terminating rate(s)). Countries for which no rates are listed are not yet available for service.

Example 1 - Conventional two party call: A call originating in Belgium and terminating in Australia would be rated based on the applicable transport (usage) and non-transport (non-usage) rates from Belgium to our calling card platform in the U.S. as the originating rate and on the applicable transport (usage) and non-transport (non-usage) rates to Australia from our calling card platform in the United States to Australia as the terminating rate. The call originating party is solely responsible for all charges for both call segments.

Example 2 - Three party conference call: A call originating in Belgium and linking Australia and the United Kingdom would be rated on the applicable transport (usage) and non-transport (non-usage) rates from Belgium to our calling card platform in the U.S. as the originating rate and on the applicable transport (usage) and non-transport (non-usage) rates to both Australia and the United Kingdom from our calling card platform in the U.S. as the terminating rates. The conference call originating party is solely responsible for all charges for all call segments.

9.4 U.S. to Canada Rates

Rates for Standard Calling Card service calls originating in the United States and terminating in Canada, include transport (usage) and non-transport (non-usage) charges which apply from the time of connection to disconnect of the call accessing our calling card platform.

9.5 U.S. to Mexico Rates

Rates for Standard Calling Card service calls originating in the United States and terminating in Mexico, include transport (usage) and non-transport (non-usage) charges which apply from the time of connection to disconnect of the call accessing our calling card platform. The rates are based on the Single Call Unit (60 seconds) and associated ECUs. The rates for each additional SCU after the first SCU incurred for calls up to a maximum of 1205 billed seconds include ICUs for each additional 60 seconds or fraction thereof and associated ECUs.

10. International Most Favored Nation (MFN) Rates

Eligibility. The following international rates for service to designated countries are provided to you if the average of your total domestic interstate, intrastate and international monthly usage revenues meets the specified average monthly revenue commitments as set forth following. Your average monthly usage revenues are determined by adding your total usage charges for all of our services for each series of the three consecutive months preceding your next current invoice usage and dividing by 3. Usage revenues do not include monthly fees, assessments, taxes, surcharges or other such charges. You must also meet the following requirements to be eligible for one or more MFN rates.

Selected MFN Country Rates and General MFN Rates. You are entitled to customized rate plans for any two countries you select from our list of MFN eligible countries. Your rates for all other countries are set forth in the **MFN General Rate Table** that follows.

MFN Service Terms and Conditions. No change may be made in your selected MFN Country or Countries for a period of two months.

All calls eligible for the applicable MFN rate must originate in the continental United States.

You must keep your account current and must not have had any late or non-payment (whether to us or your previous carrier) during the three-month period preceding your order of MFN Service.

The volume of your terminating traffic to your MFN Country or Countries must equal or exceed a minimum of a fixed percentage, *e.g.*, fifteen percent (15%), of your total interstate and international traffic volume with Company (your "MFN Traffic Ratio or "MFNTR"). Your MFNTR is determined by your historical terminating MFN traffic volumes compared to your total volume of interstate and international traffic with us.

Shortfalls. You will be notified in each of your fourth billing cycles if your total usage has dropped below the average monthly usage for the preceding three-month cycle (shortfall). Your shortfall shall be determined in each fourth billing cycle, but shall not be assessed until the end of your current 12-month billing cycle or your final billing cycle if you cancel or we terminate your service for any reason as measured from your start date of service when all shortfalls shall be aggregated and billed in your 12th- invoice. If you experience a shortfall or shortfalls over any 12-month billing cycle or in your last invoice should you cancel or we terminate your service for any reason, you must pay us the difference between our standard rates and your applicable MFN rates multiplied by the number of times you experienced a shortfall.

In the event of a shortfall in your MFNTR, determined monthly, all your traffic to your MFN Country or Countries shall be re-rated at our **Classic Q standard rates** applicable to your MFN Country or Countries or at our **General MFN Rate Table**, whichever is greater.

Select MFN rates are offered on a tiered basis based on monthly revenue volumes from MFN 1 to MFN 4. Countries not listed for a tiered rate are not eligible for our selected country MFN service.

10.1 General MFN Rate Table

By maintaining your MFN Service **eligibility** requirements and the country specific minimum monthly usage requirement as set forth following, you qualify for the rate in accordance with the applicable MFN plan specified.

*** Note: Rates for Mexico City are billed in Minimum and Incremental Call Units of 60 Seconds Each.**

11. CUSTOMER ADVANTAGES

11.1 Rate Cap Program ("RCP"). If you use *switched access* you qualify for our Rate Cap Program ("RCP"). RCP does not apply if you have an active enrollment in any of our *Customer Loyalty Plans*. To be eligible and to maintain your eligibility for the RCP, you must not have had your account with any carrier canceled for non-payment of charges, must not have a history of late payment of charges at any time during the 12 month period preceding your RCP service commencement date with us and must have originated and terminated domestic interstate usage within the 30-day period preceding your service commencement date for the RCP. Upon initiation of your RCP service, your rate, on a per *Total Call Unit* basis that you paid your previous provider for your service is determined from your invoice immediately preceding the initiation of your RCP and is then capped after adjustment as provided for by our *Rate Adjustment Cap*. Our *standard rate structure* and *rounding methodology* apply.

RCP Billing Cycles. Under the RCP, if your monthly long distance usage is equal to or exceeds \$150.00, you will be invoiced on a calendar month billing cycle. Otherwise you will be invoiced on a mid-month billing cycle.

RCP Rate Adjustment Caps. For your first three invoices, your RCP rate is capped on a per *Total Call Unit* basis to the rate applicable upon initiation of your RCP service. Beginning with your fourth period of service, if you are on a monthly billing cycle, your RCP rate is adjusted by \$0.01, and if on a mid-month billing cycle, by \$0.02.

11.2 You may qualify for free invoices (credits) as explained here.

Annual Invoice Credit ("AIC"). If you meet the *AIC Eligibility* requirements, for each twelve months of consecutive uninterrupted service, a credit shall be calculated equal to the average of your monthly usage and non-usage charges (excluding fees, taxes, surcharges, assessments, and similar charges) for the preceding consecutive twelve month period, the Annual Invoice Credit or "AIC".

AIC Eligibility. To be eligible for a AIC, you must have initiated BBS service; have current usage which exceeds the established *minimum monthly usage levels*; have no record of nonpayment in any of the preceding consecutive twelve month period of service; have received twelve consecutive and uninterrupted invoices over the preceding twelve month period; have selected the AIC prior to the first day in the period of service covered by your thirteenth invoice; and pay all charges rendered in your thirteenth invoice in excess of the amount of the applicable AIC.

Limits. The AIC may not be combined with any other invoice credit offer.

11.3 9 Month Anniversary Invoice Credits (9AIC). If you meet the *9AIC Eligibility* requirements, you will receive a credit on your 9th invoice and on each 9th month anniversary following your first 9AIC invoice credit up to a maximum of five (5) consecutive 9 month anniversary invoices, that is, the 9th, 18th, 27th, 36th and 45th invoices. Your 9AIC invoice credits will be equal to the average of your monthly usage and non-usage charges (excluding fees, taxes, surcharges, assessments, and similar charges) for each preceding consecutive nine-month service period.

9AIC Eligibility. To be eligible for this promotion, you must have initiated BBS service; have current usage which meets or exceeds the *minimum monthly usage levels*; have no record of nonpayment in any of the preceding consecutive eight-month period of service; have received eight consecutive and uninterrupted invoices over the preceding eight-month period; have requested by telephone, e-mail, facsimile transmission or personally, the 9AIC credit prior to the first day in the period of service covered by your then current ninth invoice; and pay all charges rendered in your current ninth invoice in excess of the amount of the applicable credit.

Limits. The 9AIC may not be combined with any other invoice credit offer.

11.4 Free Invoices - Series # 1 ("FIS-1").

FIS-1 Eligibility. You will be eligible for the following series of invoice credits if you have current usage which meets or exceeds the *minimum monthly usage levels*; have no record of nonpayment; have received consecutive and uninterrupted invoices for the months preceding the invoice in which credit is due; have selected the Invoice Free Credit prior to the first day in the period of service covered by your invoice in which the credit is applied (the "credit invoice"); and pay all charges rendered in your credit invoice in excess of the amount of the applicable credit.

Credit Terms and Conditions. A credit shall be calculated equal to the average of the Customer's monthly usage and non-usage charges (excluding fees, taxes, surcharges, assessments, and similar charges) for the applicable set of qualifying months of consecutive service. Each invoice in which the credit vests must cover at least one day plus the total number of qualifying months of consecutive uninterrupted service as set forth following.

Number of Qualifying Months	Credit Issuance Month
6 th	7 th
10 th	11 th
12 th	13 th
14 th	15 th

Example: If you have timely paid all charges for service rendered and invoiced in ten consecutive invoices covering the preceding 10 months, including any partial month at the commencement of service, you will be entitled to a credit in your 11th invoice equal to the average monthly charges paid over the 10 preceding invoices.

1st Month Invoice Charges (covers only 15 days)	\$ 500
2nd through 10th Invoice Charges @ \$1,000/invoice	<u>9,000</u>
Total Charges over prior 10 invoices	\$9,500
Average Monthly Invoice = \$9,500 / 10 =	950
Total Charges 11th Invoice	\$1,000
11th Invoice Credit	<u>950</u>
Balance Due on 11th Invoice	\$ 50*

*Plus taxes, fees, etc.

Customer Option. Our FIS-1 is offered with two options. You may select to change the invoice series in which you wish to participate in your FIS-1. You may substitute your service periods covered by your 6th and 12th invoices; or, your service periods covered by your 6th, 10th and 14th invoices.

11.5 1-3 Years Rate Stability Plan ("1-3 RSP"). If you use *switched access*, your service commenced on or after September 29, 1998 and if you meet and maintain the *1-3 RSP Eligibility* requirements, you are eligible to select our 1-3 RSP for a period of 12, 24 or 36 invoices. Your 1-3 RSP term is renewed automatically for a twelve invoice period, unless you notify us in writing 30 days in advance of your 1-3 RSP expiration. By selecting the 1-3 RSP, your *Total Call Unit* rate for domestic interstate calls shall be stabilized at your *Total Call Unit* rate being charged at the time you selected 1-3 RSP. You may select a service period of either 12, 24 or 36 invoices. Operator-assisted calls, and calling card calls, are not included in this rate stability plan. Discontinuance of service, either partial or total,

prior to the completion of the plan term selected by you will result in a termination charge equal to the number of remaining invoices in the 1-3 RSP term, multiplied by the average month's usage multiplied by thirty-five percent (35%).

Eligibility. You must not have had your account with any carrier canceled for non-payment of charges and must not have a history of late payment of charges at any time during the twelve-month period preceding the your service commencement date with us. If you do incur any record for non-payment during the term of your 1-3 RSP, you will be transitioned to our *Rate Cap Program II (RCP II)*, and subject to *Total Call Unit* rate revisions, the applicable *termination charge* set forth in the immediately preceding paragraph and/or our standard service *termination provisions*.

11.6 Usage Rate Guarantee.

So long as you maintain your *eligibility*, and request this guarantee, your Minimum and Incremental Call Unit rates for Peak/Business Day hours will not be increased (our "Usage Rate Guarantee" or "URG") for the number of invoices at the rate levels indicated:

If your TCU rate level is \$0.069 or higher, your usage rate is guaranteed for 12 invoices. If your TCU rate level is \$0.059 or lower, your usage rate is guaranteed for 6 invoices.

Companion State Rate Guarantee. As an eligible URG customer, your usage rates for intrastate calls will be similarly guaranteed for the same number of invoices as specified above.

Limitation. Usage rates for international and/or calling card services are not included nor affected by this guarantee.

11.7 Customer Referral Credit Program ("CRCP").

You may earn a single credit for each validated new customer referred to us by you. Your CRCP credit is applied to your charges incurred by you for services rendered by us to you under this tariff.

Eligibility. To qualify for this credit, you must supply us with a new customer's proprietary network information ("CPNI") and either (1) an order for service sufficient to qualify as a valid written Letter of Agency ("LOA"); or (2) the name of the new customer's authorized representative to be contacted by our sales and marketing personnel within 90 days of our receipt of the designation of the authorized representative by you. A new customer or its designated authorized representative must request service commencement within 30 days of the date of the written LOA or 30 days of the date our sales and marketing personnel contact the new customer or its authorized representative.

Conditions. Your CRCP shall vest only after the new customer referred by you completes four consecutive months of service following the new customer's service commencement date without any late payment or other delinquency. Subject to our validation of your referred customer's compliance with these requirements, the CRCP shall appear on your 4th invoice following the service commencement date for the new customer.

Credit. You shall receive a credit equal to ten percent (10%) of the new referred customer's service charges appearing on the final invoice rendered by the new referred customer's previous telecommunications service provider, once validated by us, and exclusive of any of the previous provider's monthly fees, taxes, surcharges, assessments or other such charges. Your CRCP may not exceed \$500.00 per new referred customer.

Cross Over Century Card (COCC)

If you order service from us and you institute service within 30 days of such order, we will provide you a "Cross Over Century Card" or "COCC," a prepaid calling card worth \$100 for each \$1000 of usage charges incurred by you in your final invoice immediately preceding your commencement date of service with us.

Limitations and Disclaimers. This offer is available only in conjunction with our interstate and intrastate service offerings as tariffed herein and with the respective states.

The COCC card will be issued following your commencement of service with us.

This offer is not available with our *5% credit* OCPA.

The COCC card expires within 6 months of its issuance date ("use period"), irrespective of the balance of the COCC

card's face value when issued, if any, remaining at the date of expiration.

You must remain in service during the period of time that any unused balance exists on the COCC card; must have no delinquencies in payments on account for your non-calling card and non-COCC card services; and must have no bill cycle interruptions.

To qualify for each \$100 of face value on a COCC, your previous usage will be segmented into \$100 usage "packets" as follows:

Previous Usage	\$100 Packets	Previous Usage	\$100 Packets
\$100.00	1	\$585.00	6
\$200.00	2	\$680.00	7
\$300.00	3	\$775.00	8
\$395.00	4	\$870.00	9
\$490	5	\$965.00 +	10

COCC calls must originate and terminate from locations on the U.S. Mainland from areas served with equal access. COCC calls are rated at \$0.75 per minute of use and are distance, day-of-week, and time-of-day insensitive. Our standard rate structure does not apply, that is no ECU's are charged.

If at any time prior to the completion of your use period, any of your services are terminated for cause, for any service you in your discretion terminate, or should you fail at any time to comply with the applicable conditions of this service, at the time of termination or failure of compliance, the unused value of the COCC card is canceled and forfeited.

11.8 Cross Over Credit (COC)

If you order service from us and you institute service within 30 days of such order, we will provide our "Cross Over Credit" or "COC," a credit equal to 5% of your usage charges in your final invoice immediately preceding your commencement date of service with us.

Limitations and Disclaimers. The COC credit is available only in conjunction with our interstate and intrastate service offerings as tariffed herein and with the respective states.

If earned, the COC will be reflected in your first invoice which follows your completion of 60 days of uninterrupted service following your commencement of service.

This credit is not available with our prepaid card OCPA.

The COC is noncumulative (cannot be carried over to any following month or otherwise accumulated).

If your service is terminated for cause or you terminate our service in your discretion prior to completion of your minimum service term, you will forfeit your COC credit.

11.9 Prepaid Plan

On and after July 31, 2001, if you qualify as a "save" or "winback" customer upon so qualifying you will receive our prepaid (debit) card equal to your immediately preceding full month's (30 days) volume of non-calling card charges multiplied by 2.5.

The table following demonstrates how the denomination of an S&W card is determined for your service profile.

Table

Customer's Prior Month's Non-calling Card Charges*	2.5 Factor	S&W Calling Card Denomination(s)
\$ 50.00	x 2.5	\$125.00
75.00	x 2.5	187.50
90.00	x 2.5	225.00

100.00	x 2.5	250.00
150.00	x 2.5	250.00 + 125.00
250.00	x 2.5	250.00 + 125.00 + 125.00

* Sample levels only. We reserve the right to round down the actual capacity of any S&W Card.

Rates. The rates for calls using our S&W Card are time of day insensitive; decremented in sixty (60) second increments with a minimum call unit of 60 seconds; and are rounded to the next whole 60 second increment.

Minimum Call Unit	Incremental Call Unit
\$0.23	\$0.23

Limitations. We reserve the right to withdraw and/or terminate this OCPA at any time; provided that if you have received an S&W Card prior to our discretionary withdrawal of the S&W Card plan, you will still receive service until your S&W Card calling capacity is exhausted by use or by the specified usage deadline. Each S&W Card expires ninety (90) days from date of activation (the specified usage deadline).

Second S&W Card Availability. An additional S&W Card(s) in your qualifying denomination as listed above will be made available to you if you request and receive our *Website Design and Hosting Services*.

11.10 "Thanks for Taking the Time" - 1 ("TTT-1) Promotion

On and after July 31, 2001, if you are contacted by one of our sales/marketing representatives and you take the time to listen to the services and benefits offered by us, including other or new services and benefits in addition to those you are already receiving from us, you will be entitled to receive one of our prepaid (debit) cards under our "Thanks for Taking the Time - 1" ("TTT-1") OCPA.

Card Denominations. Under this OCPA, our debit card is available in \$25, \$50 and \$150 denominations based on your monthly volume of usage.

Denomination	Monthly Usage Volume
\$25.00	0 - \$49.99
\$50.00	\$50.00 - \$149.99
\$150.00	\$150.00 - \$249.99

Rates. The rates for calls using our TTT-1 service are time of day insensitive; decremented in sixty (60) second increments with a minimum call unit of 60 seconds; and are rounded to the next whole 60 second increment.

Minimum Call Unit	Incremental Call Unit
\$0.23	\$0.23

Limitations. We reserve the right to withdraw and/or terminate this OCPA at any time; provided that if you have received a TTT-1 Card prior to our discretionary withdrawal of the TTT-1 Card OCPA you will still receive service until your TTT-1 Card calling capacity is exhausted by use or specified usage deadline. Each TTT-1 Card expires one (1) year from date of activation.

Second Card Availability. A second TTT-1 Card in the same denomination will be made available to you if you request and receive our *Website Design and Hosting Services*.

11.11 "Thanks for Taking the Time" - 2 ("TTT-2) Advantage Plan

On and after July 31, 2001, if you are contacted by one of our sales/marketing representatives and you take the time to listen to the services and benefits offered by us, including other or new services and benefits in addition to those you are already receiving from us, you will be entitled is entitled to receive Company's prepaid (debit) cards under Company's "Thanks for Taking the Time - 2" ("TTT-2") service promotion.

Card Denomination. Under this promotion, our debit card is available in a single \$250 denomination based on your

monthly volume of usage.

Denomination	Monthly Volume	Usage

Rates. The rates for calls using our TTT-2 service are time of day insensitive; decremented in sixty (60) second increments with a minimum call unit of 60 seconds; and are rounded to the next whole 60-second increment.

Minimum Call Unit	Incremental Call Unit
\$0.23	\$0.23

Availability. Our TTT-2 service promotion is available on and after July 31, 2001 until October 31, 2001 ("sunset date") unless sooner terminated or extended in our sole and exclusive discretion.

Limitations. We reserve the right to withdraw and/or terminate this promotion at any time prior to its sunset date; provided that if you have received a TTT-2 Card prior to the sunset date or our discretionary withdrawal of the TTT-2 Card promotion you will still receive service until your TTT-2 Card calling capacity is exhausted by use or specified usage deadline. Each TTT-2 Card expires one (1) year from date of activation.

Second Card Availability. During the term of this promotional offering, a second TTT-2 Card in the same denomination will be made available to you if you request and receive our *Website Design and Hosting Services*.

11.12 "One, Two, Three, Every Third Invoice Free" Promotion

New customers who meet the eligibility requirements set forth below, may receive credits under the "One, Two, Every Third Invoice Free" Promotion as follows:

1. A credit applied to customer's first invoice equal to 33% of customer's long distance call traffic charges, appearing on the same invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, and
2. A credit applied to customer's second invoice equal to 33% of customer's long distance call traffic charges, appearing on the same invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, and
3. A credit applied to customer's third invoice equal to an average of the remaining long distance call traffic charges appearing on customer's first and second invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, after the credits outlined in #1 & #2 above are applied, and
4. A credit applied to every third invoice, starting with customer's sixth invoice (6th, 9th, 12th, etc.), equal to an average of the long distance call traffic charges appearing on the two invoices immediately preceding the credit invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges.

This promotion is non-cumulative and can not be carried over to any following month or otherwise accumulated. Should the calculated credit to be applied to the third, or subsequent invoices exceed the actual long distance call traffic charges for that credit invoice, then the credit amount is limited to the actual amount of long distance call traffic charges appearing on that credit invoice.

Eligibility. To be eligible for this offering, customers must: have initiated new service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have less than fifty dollars sixty days past due; have received consecutive and uninterrupted service; and have selected this offering prior to the charges rendered in customer's credit invoice. Additionally, Customers must contact the Company to confirm the promotion selection, after service initiation, to be eligible to receive the sixth and subsequent invoice credits.

11.13 "Every Third Invoice Free" Promotion

New, "saved" and "winback" customers who meet the eligibility requirements set forth below, may receive credits under the "Every Third Invoice Free" Promotion as follows:

1. A credit applied to customer's first and second invoices, after selection of the promotion, equal to customer's previous invoice long distance call traffic charges, excluding calling card charges, fees, taxes, surcharges,

- assessments and similar charges, applied in equal amounts over the first and second invoices, and
2. A credit applied to every third invoice, starting with customer's sixth invoice (6th, 9th, 12th, etc.), equal to an average of the long distance call traffic charges appearing on the two invoices immediately preceding the credit invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges.

This promotion is non-cumulative and can not be carried over to any following month or otherwise accumulated. Should any calculated credit exceed the actual long distance call traffic charges for that credit invoice, then the credit amount is limited to the actual amount of long distance call traffic charges appearing on that credit invoice.

Eligibility. To be eligible for this offering, customers must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have less than fifty dollars sixty days past due; have received consecutive and uninterrupted service; have selected a calling plan other than the non-standard rate structure plan, and have selected this offering prior to the charges rendered in customer's credit invoice. Additionally, Customers must contact the Company to confirm the promotion selection, after service initiation, to be eligible to receive the sixth and subsequent invoice credits.

Beginning July 15, 2003, customers receiving a credit under this promotion will have the "Every Third Invoice Free" promotion removed from their accounts, and will have the "Every Ninth Invoice Free" promotion added to their accounts in substitution. For purposes of calculating when such customers will receive a credit under the newly substituted "Every Ninth Invoice Free" promotion, such customers first invoice for these purposes will be deemed to be the invoice following the last credit invoice under the "Every Third Invoice Free" promotion.

11.14 "Every Fourth Invoice Free" Promotion

New, "saved" and "winback" customers who meet the eligibility requirements set forth below, may receive credits under the "Every Fourth Invoice Free" Promotion as follows:

1. A credit applied to customer's first and second invoices, after selection of the promotion, equal to customer's previous invoice long distance call traffic charges, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, applied in equal amounts over the first and second invoices, and
2. A credit applied to every fourth invoice, starting with customer's eighth invoice (8th, 12th, 16th, etc.), equal to an average of the long distance call traffic charges appearing on the two invoices immediately preceding the credit invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges.

This promotion is non-cumulative and can not be carried over to any following month or otherwise accumulated. Should any calculated credit exceed the actual long distance call traffic charges for that credit invoice, then the credit amount is limited to the actual amount of long distance call traffic charges appearing on that credit invoice.

Eligibility. To be eligible for this offering, customers must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have less than fifty dollars sixty days past due; have received consecutive and uninterrupted service; have selected the non-standard rate structure calling plan, and have selected this offering prior to the charges rendered in customer's credit invoice. Additionally, Customers must contact the Company to confirm the promotion selection, after service initiation, to be eligible to receive the eighth and subsequent invoice credits.

Beginning July 15, 2003, customers receiving a credit under this promotion will have the "Every Fourth Invoice Free" promotion removed from their accounts, and will have the "Every Ninth Invoice Free" promotion added to their accounts in substitution. For purposes of calculating when such customers will receive a credit under the newly substituted "Every Ninth Invoice Free" promotion, such customers first invoice for these purposes will be deemed to be the invoice following the last credit invoice under the "Every Fourth Invoice Free" promotion.

11.15 "Every Ninth Invoice Free" Promotion

New, "saved," "winback" and existing customers who meet the eligibility requirements set forth below, may receive credits under the "Every Ninth Invoice Free" Promotion as follows:

A credit applied to every ninth invoice, starting with customer's ninth invoice (9th, 18th, 27th, etc.), equal to an average of the long distance call traffic charges appearing on the eight invoices immediately preceding the credit invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges.

This promotion is non-cumulative and can not be carried over to any following month or otherwise accumulated. Should any calculated credit exceed the actual long distance call traffic charges for that credit invoice, then the credit amount is limited to the actual amount of long distance call traffic charges appearing on that credit invoice.

Eligibility. To be eligible for this offering, customers must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have less than fifty dollars sixty days past due; have received consecutive and uninterrupted service, and have selected this offering prior to the charges rendered in customer's credit invoice. Additionally, Customers must contact the Company to confirm the promotion selection, after service initiation, to be eligible to receive the eighteenth and subsequent invoice credits.

12. CUSTOMER RETENTION SERVICE OFFERINGS ("CRSOs")

We employ several types of offerings designed to be responsive to competitive offers from other providers. We call these offers our Customer Retention Service Offerings or "CRSOs." In many cases these CRSOs feature specified rates made available for outbound and inbound equal access switched services that are originated from and terminated to locations within the Continental United States whenever we have determined that but for the availability of such rates, we may or will not retain you as an existing customer ("save") or will not be able to win you back as a customer if you have already switched your services to another provider ("winback"). To qualify for any particular CRSO, certain conditions must exist which are set forth in this tariff generally or included in the terms of a specific CRSO. Generally, we apply the lowest rate necessary to meet the competitive offering being made to or having been provided to you by another provider. Additional terms and/or conditions, such as term or volume commitments may apply.

Retention Incentives. If you had taken, but no longer take or have notified us you are canceling your BBS service, you qualify for one of the following CRSOs.

12.1 6th Invoice Free Incentive. By meeting the eligibility requirements set forth below, you will receive a credit on your 6th invoice for each five months of consecutive uninterrupted service, via a credit calculated equal to the average of your monthly usage and non-usage charges (excluding fees, taxes, surcharges, assessments, and similar charges) for the preceding consecutive five-month period.

Eligibility. To be eligible for a 6th month credit, you must: have initiated BBS service; have current usage which exceeds the applicable *minimum monthly usage levels*; have no record of nonpayment in any of the preceding consecutive five-month period of service; have received five consecutive and uninterrupted invoices over the preceding five-month period; have selected the 6th invoice credit prior to the first day in the period of service covered by your sixth invoice; and pay all charges rendered in your fifth invoice in excess of the amount of the applicable credit.

12.2 9th Invoice Free Incentive. By meeting the eligibility requirements set forth below, you will receive a credit on your 9th invoice for each eight months of consecutive uninterrupted service, via a credit calculated equal to the average of your monthly usage and non-usage charges (excluding fees, taxes, surcharges, assessments, and similar charges) for the preceding consecutive eight-month period.

Eligibility. To be eligible for a 9th month credit, you must: have initiated BBS service; have current usage which exceeds the applicable *minimum monthly usage levels*; have no record of nonpayment in any of the preceding consecutive eight-month period of service; have received eight consecutive and uninterrupted invoices over the preceding eight-month period; have selected the 9th invoice credit prior to the first day in the period of service covered by your ninth invoice; and pay all charges rendered in your eighth invoice in excess of the amount of the applicable credit.

12.3 13th Invoice Free Incentive. By meeting the eligibility requirements set forth below, you will receive a credit on your 13th invoice for each twelve months of consecutive uninterrupted service, via a credit calculated equal to the average of your monthly usage and non-usage charges (excluding fees, taxes, surcharges, assessments, and similar charges) for the preceding consecutive twelve-month period.

Eligibility. To be eligible for a 13th month credit, you must: have initiated BBS service; have current usage which exceeds the applicable *minimum monthly usage levels*; have no record of nonpayment in any of the preceding consecutive twelve-month period of service; have received twelve consecutive and uninterrupted invoices over the preceding twelve-month period; have selected the 13th invoice credit prior to the first day in the period of service covered by your thirteenth invoice; and pay all charges rendered in your twelfth invoice in excess of the amount of

the applicable credit.

12.4 Welcome Back Invoice Award

Each Customer who qualifies as either a "winback" or "save" shall receive its first invoice free, a "Welcome Back Invoice," that is, a credit equal to the charges for the first period of service (may be less than 30 days). The credit equal to the charges in the Welcome Back Invoice will appear in the invoice for the fourth billing cycle following the service period to which the Welcome Back Invoice applies.

12.5 500 Free Minutes.

If you qualify as either a "save" or "winback" customer, in your third invoice rendered after the continuation or reactivation of your service with us, you receive a credit equal to 500 free minutes of use of interstate service.

12.6 Re-rated Access Charge.

If you qualify as either a "save" or "winback" customers, your *Customer Access Line Charge* may be re-rated to the following:

<u>Service</u>	<u>Monthly Charge</u>
Business Lines (including Centrex)	\$2.75/Line

12.7 Companion Local Service Incentive.

Where we have an effective tariff on file at the state level to provide local exchange telephone service, if you qualify as either a "save" or "winback" customer, and you order or take our local exchange telephone service, you will be entitled to receive an additional discount on our local service offerings.

12.8 Billing Incentive Offer.

If you qualify as a "save" or "winback" customer, we will rate your *MCU* and *ICU* charges based on our *18/6 rounding methodology*. Additional terms and/or conditions, such as term and/or volume commitments may apply.

12.9 Re-rate Incentive.

If you qualify as a "save" or "winback" customer, we will rate your *MCU* and *ICU* charges using the rates contained in *Rate Tables 1 and 2* without the *Qualified Adjustment*. Additional terms and/or conditions, such as term and/or volume commitments may apply.

12.10 Non-standard Call Waiver.

If you qualify as a "save" or "winback" customer, and you make non-standard calls from time to time, like facsimile transmissions, upon request or through other consumer retention methods, we will waive the application of the non-transport or ECU charges for such usage.

12.11 Freedom Plan Plus (FPP)

If you qualify as a "save" or "winback" customer, upon request, your service will be provided at the minimum and incremental call units for which your minimum monthly usage qualifies without the standard rate structure component for the recovery of exogenous non-transport costs.

Freedom Plan Plus, whenever added to a customer's calling plan, is limited in duration to six consecutive invoices once initiated. As of September 15, 2003, any customer who has had Freedom Plan Plus active on their account for six or more consecutive invoices shall have this offering removed from their calling plan.

If you are a new customer, and use **switched access**, and have indicated that you have no recent record of non-payment or late payment of charges for communications services, and you agree to convert to our services within not more than 30 days and your existing service rates are at or better than our rates using our standard rate structure, to the extent necessary to meet the rates you presently receive, we will apply Freedom Plan Plus to your service so that your calls will not include those rate components that we otherwise need to recover our exogenous non-transport costs.

In addition to the exclusion of exogenous non-transport costs, Freedom Plan Plus accounts differ from Standard Rate Structure accounts as follows:

Interstate Telecommunications Utility Surcharge (ITUS)

This Interstate Telecommunications Utility Surcharge applies to cover the Company’s costs of providing the customer, for its interstate services, its monthly invoice account management features such as call detail, call distribution information, call usage by type, time of day, length of call, call destination, multiple location combined billing, and customized routing features. The Interstate Telecommunications Utility Surcharge is calculated based upon a percentage of the customer’s total interstate and international charges. The initial Interstate Telecommunications Utility Surcharge calculation percentage is:

Per Invoice – 17% of total intrastate and international charges.

If the Interstate Telecommunications Utility Surcharge is waived, pursuant to a Telecompetitive Service Offering, it will not be applied to a customer’s account for two invoice periods, and will appear on the following invoice at the reinstatement percentage of 11.50%. If the Interstate Telecommunications Utility Surcharge is waived a second time, it is waived permanently.

Monthly Service Fees

The following monthly service fee rate table applies to FPP customers’ long distance call traffic charges (outbound 1+, toll-free, or both if applicable), excluding local charges, fees, taxes, surcharges, assessments, and other similar charges.

Monthly Service Fee – Rate Table 1

Monthly Service Fee Categories	Call Traffic Qualifications	Monthly Service Fee
V	Customers whose second or subsequent invoice for long distance traffic is less than \$100.	\$40.00
IV	Customers whose current invoice for long distance traffic equals or exceeds \$100, and whose previous invoice for long distance traffic equaled or exceeded \$100	\$25.00
III	Customers whose current invoice for long distance traffic equals or exceeds \$100, and whose previous invoice for long distance traffic was less than \$100	\$15.00
II	Customers whose current invoice for long distance traffic less then \$100, and whose previous invoice for long distance traffic was less than \$100.	\$12.50
I	Customers whose current invoice for long distance traffic is combined with the 011Mobile wireless service.	\$10.00

Note: “Long distance traffic” is defined as total long distance call traffic charges (outbound 1+, toll-free, or both if applicable), excluding local charges, fees, taxes, surcharges, assessments, and other similar charges.

Monthly Service Fee Rate Increase – Effective – September 15, 2010

Any Rate Category I or II customer (as defined in Table 1 above) on service before September 15, 2010, whose services are not part of an unexpired term plan or usage rate guarantee, shall have monthly service fee adjusted upward by one Monthly Service Rate Category, effective for all invoices rendered on or after October 15, 2010.

Your **Minimums and Increments** will be as follows:

Interstate Traffic

Basis	MCU - Peak	MCU - Off-Peak	ICU - Peak	ICU - Off-Peak
A	18 seconds	18 seconds	6 seconds	6 seconds
B	96 seconds	96 seconds	96 seconds	96 seconds
C	96 seconds	71 seconds	96 seconds	30 seconds

International Traffic

Basis	MCU - Peak	MCU - Off-Peak	ICU - Peak	ICU - Off-Peak
A	30 seconds	30 seconds	6 seconds	6 seconds
B	96 seconds	96 seconds	96 seconds	96 seconds
C	96 seconds	77 seconds	96 seconds	30 seconds

12.12 Limited Availability of AMC

Upon your request prior to or at the initiation of service, and upon our determination that application of the **AMC charge** would increase our total charges above charges offered or available to you from another provider, the **AMC charge** will be waived for the first three invoices. Thereafter, the **AMC charge** shall be applied each month at 5% of total interstate and international charges unless, at any time during the life of your service, you renew your request and we again determine at the time that reinstatement or continued application of the **AMC charge** as reinstated prior to your second request would have similar effect as in the case which qualified you for the first waiver. In this second case, we will reinstate the waiver of the **AMC charge** effective in the month you make your request and our determination is made, for the remainder of the life of your service. Each waiver of the **AMC charge** is subject to and will be administered in accordance with the reinstatement and related provisions set forth here.

12.13 Waiver of Miscellaneous Charges

A Miscellaneous charge or charges will be waived upon request whenever application of such charge or charges increases your total charges for service above the charges you have been offered or have available for the same service from another provider. We may require documentation or other credible evidence useful in verifying the competitive offering. Nothing herein shall be construed to require us to waive any charge if in our sole and exclusive discretion, such waiver conflicts or may conflict with law or regulation. Waivers are available on a non-discriminatory basis. The Company's liability in administration of waivers is governed by the **Limitations of Liability** provisions of this tariff.

12.14 Customer 6th and 12th Invoice Advantage Plan

Customer who qualify as a new customer or as either a "save" or a "winback" and who meet the eligibility requirements set forth below will receive a credit on their 6th and 12th invoices as provided following.

For each five and immediately succeeding six additional invoices of consecutive uninterrupted service (total of 11 consecutive invoices), a credit shall be calculated equal to the lower of either (i) the average of the Customer's monthly charges excluding calling card charges, fees, taxes, surcharges, assessments and similar charges ("eligible charges"), for the consecutive five-month period preceding Customer's 6th invoice and for the consecutive eleven-month period preceding Customer's 12th invoice; or (ii) a credit which equals the eligible charges on the invoice in which the credit is applied.

Eligibility. To be eligible for the 6th and 12th invoice free bonuses, each customer must:

- have initiated service;
- have current usage which exceeds the established minimum monthly usage levels for the applicable service;
- have no record of nonpayment in any of the preceding consecutive month qualifying periods (5 and 11 months) of service;
- have received first five, then six additional consecutive and uninterrupted invoices over the preceding eleven-month period;
- have selected the 6th and 12th invoice free bonus incentives prior to the first day in the period of service covered by the Customer's eleventh invoice; and
- pay all charges rendered in Customer's fifth and related eleventh invoice in excess of the amount of the applicable credits as calculated under 4.29.6.1, preceding.

12.15 Customer 6th, 10th and 14th Invoice Advantage Plan

Customers who qualify as a new customer or as either a “save” or a “winback” and who meet the eligibility requirements set forth below will receive a credit on their 6th, 10th and 14th invoices as provided following.

For each five and immediately succeeding four and next immediately succeeding four additional invoices of consecutive uninterrupted service (total of 13 consecutive invoices) a credit shall be calculated equal to the lower of either (i) the average of the Customer’s monthly charges, excluding calling card charges, fees, taxes, surcharges, assessments, and similar charges (eligible charges), for the consecutive five-month period preceding Customer’s 6th invoice, for the consecutive nine-month period preceding Customer’s 10th invoice, and for the consecutive thirteen-month period preceding Customer’s 14th invoice; or (ii) a credit which equals the eligible charges on the invoice in which the credit is applied.

Eligibility. To be eligible for the 6th, 10th and 14th invoice free bonuses, each customer must:

- have initiated service;
- have current usage which exceeds the established minimum monthly usage levels for the applicable service;
- have no record of nonpayment in any of the preceding consecutive month qualifying periods (5, 9 and 13 months) of service;
- have received first five, nine, and then thirteen additional consecutive and uninterrupted invoices over the preceding thirteen-month period;
- have selected the 6th, 10th, and 14th invoice free bonus incentives prior to the first day in the period of service covered by Customer’s fifth invoice; and
- pay all charges rendered in Customer’s fifth and related ninth and thirteenth invoice in excess of the amount of the applicable credits as calculated under 4.29.7.1, preceding.

12.16 Customer 6th, 9th, 13th, 19th, 22nd, and 26th Invoice Advantage Plan

If you qualify as a new customer or as either a "save" or a "winback" customer and you meet the eligibility requirements set forth below, you will receive a credit on your 6th, 9th, 13th, 19th, 22nd and 26th invoices as provided following.

For each five, and the immediately succeeding three, and next immediately succeeding four, and next immediately succeeding six, and next immediately succeeding three, and next immediately succeeding four additional invoices of consecutive uninterrupted service (total of 25 consecutive invoices), a credit shall be calculated equal to the average of your monthly charges (excluding calling card charges, fees, taxes, surcharges, assessments, and similar charges) as follows: first, for the consecutive five-month period preceding Customer’s 6th invoice; second, for the consecutive eight-month period preceding Customer’s 9th invoice; third, for the consecutive twelve-month period preceding Customer’s 13th invoice; fourth, for the consecutive eighteen-month period preceding Customer’s 19th invoice; fifth, for the consecutive twenty-one-month period preceding Customer’s 22nd invoice; and sixth, for the consecutive twenty-five-month period preceding Customer’s 26th invoice.

Eligibility. To be eligible for the 6th, 9th, 13th, 19th, 22nd and 26th invoice free bonuses, you must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have no 90-day or longer outstanding unpaid balance, and no 60-day or longer outstanding unpaid balance equal to or greater than \$50.00; have received first five, eight, twelve, eighteen, twenty-one, and then twenty-five additional consecutive and uninterrupted invoices over the preceding twenty-five-month period; have selected the 6th, 9th, 13th, 19th, 22nd, and 26th invoice free bonus incentives prior to the first day in the period of service covered by your fifth invoice; pay all charges rendered in your fifth and related eighth, twelfth, eighteenth, twenty-first, and twenty-fifth invoice in excess of the amount of the applicable credits as calculated here; contact our Customer Care Department to confirm eligibility and to activate this CAP prior to the last day in the period of service covered by your fifth invoice in order to receive all six invoice credits. If you meet and continue to meet all other Eligibility requirements except that you do not contact Customer Care to activate this CAP until a date subsequent to the last day in the period of service covered by your fifth invoice, you will receive all credits on specified invoices (9th, 13th, 19th, 22nd, and 26th) generated by us after the required contact with Customer Care is made, but will not retroactively receive a credit for any specified invoice already generated by us.

Example: You meet all other eligibility requirements, except that you do not contact Customer Care prior to the last day in the period of service covered by your fifth invoice to activate this CAP, but you do call Customer Care to activate this CAP two weeks later. You will receive credits for the 9th, 13th, 19th, 22nd, and 26th invoices but you will not retroactively receive the 6th invoice credit to which you would otherwise have been entitled.

12.17 Monthly Rewards 20% Credit

If you qualify as a new customer or as either a “save” or a “winback” customer and you meet the eligibility requirements set out below, you will receive a series of credits that must be accumulated consecutively through your 5th, 11th, 17th and 23rd invoices and that will be issued in the invoice immediately following the last invoice in the applicable credit series, namely the 6th, 12th, 18th and 24th invoices. Each credit shall be equal to 20% of the total charges for services billed for the billing cycle preceding the credit invoice.

Credits are calculated based on the total of all qualifying service charges incurred for the first period of service through and including the last service month in the applicable credit series as follows: first, for the consecutive 5-month period preceding your 6th invoice; second, for the consecutive 11-month period preceding your 12th invoice; third, for the consecutive 17-month period preceding your 18th invoice and fourth, for the consecutive 23-month period preceding your 24th invoice.

Eligibility. To be eligible for this credit you must: have initiated service; have completed the months of service needed to qualify for the applicable credit in the series of service periods (e.g., 5 months for the first credits issued in the 6th invoice and so on); maintain service throughout each of the billing cycles preceding the credit invoice; have no 60-day or longer outstanding unpaid balance equal to or greater than \$50.00; have received first 5, 11, 17, and then 24 additional consecutive and uninterrupted invoices over the preceding twenty-four-month period; have selected this credit prior to the first day in the period of service covered by your sixth invoice; pay all charges rendered in your fifth and related eleventh, seventeenth, and twenty-fourth invoice in excess of the amount of the applicable credits as calculated here; contact our Customer Care Department to confirm eligibility and to activate this CAP prior to the last day in the final month of the applicable qualifying series of invoices. If you meet and continue to meet all other Eligibility requirements except that you do not contact Customer Care to activate this CAP until a date subsequent to the last day in the final month of service covered by your qualifying series of invoices, you will still receive all credits for any subsequent series of invoices (e.g., the 12th, 18th and 24th invoices) after the required contact with Customer Care is made, but will not retroactively receive a credit for any specified invoice already generated by us.

Limitations and Disclaimers. This credit does not apply against any earned free minutes, shortfall charges, calling card charges, fees, taxes, surcharges, assessments, and similar charges and may not be combined with any other offer, except as expressly authorized herein.

12.18 1st and 3rd Invoice Credits. If you qualify as a new or as either a “save” or “winback” customer and you meet the eligibility requirements set out below, you will receive a credit equally to your monthly Total Call Unit charges in the first and third invoices, exclusive of fees, taxes, surcharges, assessments and other non-TCU charges. This credit will issue with the first and third invoices in the form of that number of prepaid calling cards at a \$50.00 denomination that equals the total of your affected charges for the first and third invoices. Your charges will be rounded up to that number of \$50.00 prepaid cards that equals or exceeds your total affected charges for the first and third invoice (e.g., your affected charges total \$125, you will receive three \$50.00 prepaid calling cards totaling \$150.00).

Eligibility. To be eligible for the first and third invoice credit, you must: have initiated service; have current usage which exceeds your applicable monthly minimum usage levels; have a credit-worthy history; have received three consecutive and uninterrupted invoices over the preceding three-month period; have selected the first and third invoice credit prior to the first day of service; and timely pay all affected and non-affected charges rendered in your first, second and third invoices.

Terms. Each \$50.00 prepaid calling card is decremented at the rate of \$0.35 per minute with fractional increments of less than 60 seconds rounded to the next full 60-second increment (full minute billing). Rates are distance and time of day insensitive.

12.19 Service Term Invoice Free Credit

If you qualify as a new customer or as either a "save" or a "winback" customer and you meet the eligibility requirements set forth below, you will receive a credit on your invoice following each consecutive five months of uninterrupted service as provided following.

For each invoice following five consecutive months of uninterrupted service you will receive the lower of either a credit equal to the average of your total usage charges, excluding calling card charges, fees, taxes, surcharges,

assessments and similar charges, for those five months preceding the credit invoice or a credit equal to the eligible charges on the invoice in which the credit is applied.

Eligibility. To be eligible for this offering, you must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have no record of nonpayment; have received five months of consecutive and uninterrupted service preceding the credit invoice; have selected this offering prior to the first day in the period of service in your sixth month; pay all charges rendered in your credit invoice.

12.20 Service Term Invoice Free Credit II

If you qualify as a new customer or as either a "save" or a "winback" customer and you meet the eligibility requirements set forth below, you will receive a credit on your invoice following each consecutive three months of uninterrupted service as provided following.

For each invoice following three consecutive months of uninterrupted service you will receive the lower of either a credit equal to the average of your total usage charges, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, for those three months preceding the credit invoice or a credit equal to the eligible charges on the invoice in which the credit is applied.

Eligibility. To be eligible for this offering, you must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have no record of nonpayment; have received three months of consecutive and uninterrupted service preceding the credit invoice; have selected this offering prior to the first day in the period of service in your fourth month; pay all charges rendered in your credit invoice.

12.21 "Free 800" Service Promotion

If you qualify as a new customer or as either a "save" or a "winback" customer and you meet the eligibility requirements set forth below, you may receive a credit on your invoice equal to up to 25% of your outbound call traffic long distance charges, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, not to exceed your inbound call traffic long distance charges, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, applied in the same invoice that both charges appear.

Eligibility. To be eligible for this offering, you must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have less than fifty dollars sixty days past due; have received consecutive and uninterrupted service; and have selected this offering prior to the charges rendered in your credit invoice.

12.22 "Free Intrastate" Service Promotion

If you qualify as a new customer or as either a "save" or a "winback" customer and you meet the eligibility requirements set forth below, you may receive a credit on your invoice equal to up to 20% of your Interstate call traffic long distance charges, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, not to exceed the dollar amount of your Intrastate call traffic long distance charges, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, applied in the same invoice that both charges appear.

Eligibility. To be eligible for this offering, you must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have less than fifty dollars sixty days past due; have received consecutive and uninterrupted service; and have selected this offering prior to the charges rendered in your credit invoice.

12.23 "Free Residential Service for Business Users" Promotion

If you qualify as either a "save" or a "winback" customer, and you meet the eligibility requirements set forth below, you may receive a credit, applied to your separately provisioned residential account invoice, equal to up to 10% of the long distance call traffic charges which appear on your related business account, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges. You may select only one related residential line to be eligible for the application of this credit.

Eligibility. To be eligible for this offering, you must: have initiated service; have current usage on your business account which exceeds \$300.00 per invoice in long distance call traffic charges, excluding calling card charges, fees,

taxes, surcharges, assessments and similar charges; have no outstanding balance which is sixty days past due; have selected this offering prior to the charges rendered in your credit invoice, and have neither the relevant residential or business account in a pending "jeopardy" status.

12.24 "Every 3rd Invoice Free" Promotion

If you qualify as a new customer, or as either a "save" or a "winback" customer, and you meet the eligibility requirements set forth below, you may receive a credit on your third invoice, and every third invoice thereafter (6th, 9th, 12th, and so on), equal to up to the average of the long distance charges, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, of the previous two invoices prior to the credit invoice, not to exceed the long distance charges on the credit invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, to be applied on your credit invoice.

Eligibility. To be eligible for this offering, you must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have no balance past due on your account; have received consecutive and uninterrupted service; have selected this offering prior to incurring the charges applicable to this promotion, and have confirmed this promotion selection with Company after service initiation but prior to the rendering of your credit invoice.

12.25 "50% Calling Card Promotion"

If you qualify as either a "save" or a "Winback" customer, and you meet the eligibility requirements set forth below, you may receive a credit in free calling card calling equal to 50% of your average monthly charges for your non-calling card calling, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, minus any "50% Calling Card Promotion" credits issued in the same invoice, beginning with your 2nd invoice following commencement of your "50% Calling Card Promotion" service, applied at the rates listed below.

Eligibility. You are eligible for "50% Calling Card Promotion" once you complete a minimum of 30 consecutive days of uninterrupted service, that is, by using any of our standalone or combination of interexchange, toll free, local, Internet access or Internet site services, have no outstanding balance which is sixty days past due; have selected this offering prior to the charges rendered in your credit invoice, and have neither the relevant residential or business account in a pending "jeopardy" status.

Limitations and Disclaimers. Each month's "50% Calling Card Promotion" is non-cumulative (cannot be carried over to any following month or otherwise accumulated). If your "50% Calling Card Promotion" service is terminated for cause or if you terminate our "50% Calling Card Promotion" service in your discretion, you forfeit all unused credits.

12.26 "25% Invoice Credit" Service Promotion

If you qualify as either a "save" or a "Winback" customer, and you meet the eligibility requirements set forth below, you may receive a credit, on each invoice beginning with your second invoice following commencement of this promotion on your account, equal to up to 25% of your call traffic long distance charges as shown on your previous invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, and excluding any "25% Invoice Credit" credits as applied to the same previous invoice. Customers are eligible to receive a credit under the "25% Invoice Credit" promotion for a maximum of six consecutive invoices.

Eligibility. To be eligible for this offering, you must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have less than fifty dollars sixty days past due; have received consecutive and uninterrupted service; and have selected this offering prior to the charges rendered in your credit invoice. This promotion is non-cumulative (cannot be carried over to any following month or otherwise accumulated).

Customers receiving a credit under this promotion on their July 18, 2003 and August 3, 2003 invoices will have the "25% Invoice Credit" Service Promotion removed from their accounts, and will have the "Every Forth Invoice Free"

promotion, under section 11 above, added to their accounts in substitution. For purposes of calculating when such customers will receive a credit under the newly substituted "Every Forth Invoice Free" promotion, the invoice which includes the last credit under the "25% Invoice Credit" Service Promotion will be deemed to be the customer's forth invoice.

12.27 "15% Invoice Credit" Service Promotion

If you qualify as either a "save" or a "Winback" customer, and you meet the eligibility requirements set forth below, you may receive a credit, on each invoice beginning with your second invoice following commencement of this promotion on your account, equal to up to 15% of your call traffic long distance charges as shown on your previous invoice, excluding calling card charges, fees, taxes, surcharges, assessments and similar charges, and excluding any "15% Invoice Credit" credits as applied to the same previous invoice. Customers receiving a credit under the "15% Invoice Credit" promotion for 24 consecutive invoices will have the promotion removed from their accounts, and will have the "15% Invoice Credit" promotion applied to all relevant call traffic.

Eligibility. To be eligible for this offering, you must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have less than fifty dollars sixty days past due; have received consecutive and uninterrupted service; and have selected this offering prior to the charges rendered in your credit invoice. This promotion is non-cumulative (cannot be carried over to any following month or otherwise accumulated).

12.28 "10 Day Free Trial"

New VOIP Communications' customers that meet the eligibility requirements set forth below, may receive credits equal to the total call traffic charges of your first ten (10) days of service, excluding taxes, after selection of this promotion.

This promotion is non-cumulative and CANNOT be carried over to any following month or otherwise accumulated. Should any calculated credit exceed the actual long distance call traffic charges for that invoice, then the credit amount is limited to the actual amount of the call traffic charges appearing on the bill subject to this promotion.

Eligibility. To be eligible for this offering, customer must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service and have selected this offering prior to the charges rendered in your bill.

12.29 "20% Yearly Rebate"

New, "saved" and "winback" VOIP Communications' customers who meet the eligibility requirements set forth below, may receive credits or reimbursement under the "20% Yearly Rebate" Promotion as follows:

A credit applied to the customer's 13th bill in an amount equal to 20% of customer's total charges for the previous 12 bills. Credit calculation excludes all applicable taxes and line rental charges. This promotion is cumulative and CAN be carried over to any following month or otherwise accumulated.

Eligibility. To be eligible for this offering, customers must: have initiated service; have no delinquent account balances; have received consecutive and uninterrupted service for the preceding 12 invoice periods; and have selected this offering prior to the charges rendered. Additionally, Customers must contact the Company to confirm the promotion selection after service initiation.

12.30 "Every Fourth Invoice Free"

"Saved" and "winback" VOIP Communications' customers who meet the eligibility requirements set forth below, may receive credits under the "Every Fourth Invoice Free" Promotion as follows:

A credit applied to every fourth invoice, starting with customer's fourth invoice after selection of the promotion (4th, 8th, 12th, 16th, etc.), equal to an average of the long distance call traffic charges appearing on the three invoices immediately preceding the credit invoice, excluding applicable taxes.

This promotion is non-cumulative and CANNOT be carried over to any following month or otherwise accumulated. Should any calculated credit exceed the actual long distance call traffic charges for that credit invoice, then the credit amount is limited to the actual amount of long distance call traffic charges appearing on that credit invoice.

Eligibility. To be eligible for this offering, customers must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have no past due amount on account; have received consecutive and uninterrupted service; and have selected this offering prior to the charges rendered in customer's credit invoice. Additionally, Customers must contact the Company to confirm the promotion selection after service initiation.

12.31 "No Taxes, Fees or Surcharges"

New, "saved" and "winback" customers who meet the eligibility requirements set forth below, may receive credit under the "No Taxes, Fees or Surcharges" Promotion as follows:

A credit for all taxes, fees and surcharges which will appear as a separate line on the customer's invoice. This promotion may only be combined with the "10 Day Free Trial" Promotion.

Eligibility. To be eligible for this offering, customers must: have initiated service; have current usage which exceeds the established minimum monthly usage levels for the applicable service; have no past due amount on account; have received consecutive and uninterrupted service; and have selected this offering prior to the charges rendered in customer's credit invoice. Additionally, Customers must contact the Company to confirm the promotion selection after service initiation.

12.32 Prepaid Dedicated Service - Telecompetitive Service Offering ("TSO")

New business and residential Customers that utilize T-1 access lines and meet conditions of service and eligibility requirements set forth below may receive the Prepaid Dedicated Service TSO. Under the Prepaid Dedicated Service TSO, eligible Customers utilizing T-1 access lines shall receive a rate of \$0.015 CPM for all interstate calls that terminate in Texas and \$0.030 CPM for all interstate calls that terminate in any of the other 47 contiguous United States. Customers receiving the Prepaid Dedicated Service TSO will not have access to any international services and such international service will be blocked from Customer's account.

12.32.1 Conditions of Service and Eligibility Requirements

1. Prepaid Dedicated Service TSO rates are available to customers with T-1 access lines whose estimated minimum monthly usage charges is over \$10,000.
2. Customer must also enter into a separate "Dedicated Carrier Service Agreement" with the Company and be subject to said Agreement's term in order to be eligible for and receive the Prepaid Dedicated Service TSO.
3. Billing Minimum and Increments - Each call made utilizing the Prepaid Dedicated Service TSO is billed for a minimum of six seconds and rounded up to the nearest six second increment thereafter.
4. Customer shall pay Company for the Prepaid Dedicated Service at the rates, fees and charges set forth in section 12.31 of this tariff. Customer is liable for all charges for the Services, including without limitation, any fraudulent usage charges and short duration calls. Customer is required to provide security hereunder and Company is not obligated to accept orders, or provide or continue to provide any Services, until the required security is received by Company.
5. Prior to the commencement of Services, Customer shall be required to remit to Company a cash deposit via wire transfer an amount to be determined at the sole discretion of Company. In order to avoid uninterrupted service, Customer shall be required to maintain outstanding unpaid charges for Services in an amount less than 90% of said deposit. If, at any time, Customers unpaid outstanding charges for Services equals or exceeds 90% of said deposit, Company may immediately terminate all Services being provided to Customer and require from Customer additional security of its choice as a condition to restoring Services. Customer's unpaid outstanding charges shall be based upon Company's measurement of

Customer's daily Call Detail Records (CDR) and usage reports, provided to Customer, which Customer agrees are accurate for all purposes including, but not limited to, the determination of outstanding charges and evaluation of credit and deposit balances required to receive Services under this Agreement. Company agrees to provide Company written notice via email only upon outstanding charges for Services equaling 50%, 75%, 80%, and 90% of said deposit.

6. If Customer is delinquent in payment of an Invoice, or Customer's overall financial condition changes adversely during the term hereof (in Company's reasonable business judgment), and Company does not have security from Customer in an amount equal to Customer's highest Invoice over the prior six month period (or such lesser period if this service offering has not been in effect for six months), Company may require additional security of its choice from Customer at two times such amount.
7. Each Invoice shall be paid by Customer, via wire transfer in immediately available U.S. funds, so that the payment is received by Company no later than three (3) calendar days from the date of the Invoice (the "Due Date"). The Parties agree that (i) the Invoice date will be the same day the Invoice is emailed to Customer, and (ii) the Invoice will be emailed on a Business Day. Any Invoice not properly disputed and not paid by the Due Date shall bear late payment fees at the rate of one and one-half percent (1.5%) per month (or such lower amount as maybe required by law) until paid. Company may, in its sole discretion, immediately suspend the Services, order processing and Customer's access to CDR's if any Invoice not properly disputed and is not paid by its Due Date.
8. Customer must enter into a one year Service Term Agreement. The Service Term Agreement is effective and the Parties' obligations commence upon the date of execution by Company ("Effective Date") and shall continue in effect for a period of one year ("Initial Term") from the earlier of the date any of the Services are first utilized by Customer (as determined by Company's records), or the 90th day after the Effective Date. The Service Term Agreement renews automatically for successive one-year periods at the expiration of the Initial Term, unless otherwise canceled in accordance with the termination provisions of this tariff. Either Party may terminate the Service Term Agreement, effective upon expiration of the then current term, by providing written notice at least 90 days prior to expiration of said term.
9. Customer must pay Company for any Third-party pass-through charges and charges mandated or permitted by regulatory agencies, including but not limited to, payphone dial-around compensation surcharges, PICC charges, and USF charges, plus any reasonable administrative charge Company may establish for its customers for administering such charges. Company reserves the right to bill Customer in advance for any third party and regulatory charges to the extent Company is billed in advance for the same.
10. Customer may not assign or transfer its rights or obligations under this Agreement without Company's prior written consent. Company may assign this Agreement to its Affiliates or successor-in-interest without Customer's consent.

12.33 RRN TELECOMPETITIVE SERVICE OFFERING

Any Customer whose former telecommunications carrier was Red River Network, LLC (RRN) shall be eligible to have their Canadian, Caribbean, Offshore and International rates grandfathered in at the RRN cents per minute rate Tables 1 – 4 of this section.

Former RRN customers must spend \$50 per month in telecommunication services in order to receive the RRN A Rate Plan, \$100 per month in telecommunication services in order to receive the RRN B Rate Plan and \$150 per month in telecommunication services in order to receive the RRN C Rate Plan. All rounding shall be the same as Company's other service offering and may be found in Section 6.2 of this tariff.

13 MISCELLANEOUS SERVICES AND CHARGES

13.1 Minimum Billing Amount/Minimum Usage Requirement

All customers shall be required to maintain a minimum usage requirement of \$15.00/Month.

Customers will be billed the difference between actual charges incurred and the Minimum Billing Amount specified herein, called a "shortfall charge." For example: If your actual charges were \$14.34, and your Minimum Usage Requirement is \$15.00 then a shortfall charge of \$0.66 would appear on your next invoice.

13.2 Unlimited Directory Assistance

Unlimited Interstate Directory Assistance is available to you for any outbound calling plan provided switched access lines are used to originate such calls. A flat Interstate Directory Assistance charge applies to each of your account's locations for calls made from points within the United States, Puerto Rico, and the U.S. Virgin Islands to Interstate Directory Assistance. You may make up to two requests for listings within the area code dialed on each call to Directory Assistance. Interstate Directory Assistance Capped Fee applies whether or not Interstate Directory Assistance is utilized. Customers may select a per call charge option for Interstate Directory Assistance.

Interstate Directory Assistance Capped Fee: \$7.00

13.3 Per Call Charged Directory Assistance

Per Call Directory Assistance is available to you for any outbound calling plan provided switched access lines are used to originate such calls. A Standard Directory Assistance charge applies to your calls made from points within the United States, Puerto Rico, and the U.S. Virgin Islands to interstate Directory Assistance. You may make up to two requests for listings within the area code dialed on each call to Directory Assistance. Our Directory Assistance charge applies whether or not the requested telephone number can be provided.

Per Call Directory Assistance Charge: \$2.50

13.4 Verified Account Codes

If you wish to limit access to our services by blocking all unauthorized codes, we will provide you with one or more verified account codes at the following charge.

Monthly Verified Account Code Charge – International/Domestic - \$30.00 per account

Monthly Verified Account Code Charge - \$20.00 per account

13.5 Invoice on Diskette

If you wish us to provide your invoices on computer diskette, we will do so at the following charge.

Monthly Invoice on Diskette Charge - \$15.00 per account

13.6 Toll Free Access Service (TFAS) Account Charge

If you receive Toll Free Access Service, a monthly account charge applies as follows:

Account Charge: \$15.00 Per Account, Per Month

13.7 Directory Listing Charge

If you have us list your toll free number(s) in any national, regional or local directory of toll free access numbers, a monthly listing charge applies as follows:

Directory Listing Charge: \$15.00 Per Number, Per Month

If you have us list your toll free number(s) in any international directory of toll free access numbers, a monthly listing charge applies as follows:

Directory Listing Charge: \$25.00 Per Number, Per Month

13.8 Interstate Telecommunications Utility Surcharge (ITUS)

This Interstate Telecommunications Utility Surcharge applies to cover the Company's costs of providing the customer, for its interstate services, its monthly invoice account management features such as call detail, call distribution information, call usage by type, time of day, length of call, call

destination, multiple location combined billing, and customized routing features. The Interstate Telecommunications Utility Surcharge is calculated based upon a percentage of the customer's total interstate and international charges. The initial Interstate Telecommunications Utility Surcharge calculation percentage is:

Per Invoice - 14.50% of total interstate and international charges.

If the Interstate Telecommunications Utility Surcharge is waived, pursuant to a Telecompetitive Service Offering, it will not be applied to a customer's account for two invoice periods, and will appear on the following invoice at the reinstatement percentage of 5.00%. If the Interstate Telecommunications Utility Surcharge is waived a second time, it is waived permanently.

13.9 Remote Access Surcharge

Pursuant to regulatory mandate, a surcharge applies to all calls originated at payphones using a service access code.

- Per Call - \$0.69

13.10 Rates and Billing for Delinquent Accounts

If your account remains unpaid after 59 days from the invoice date, the charges you have incurred for the period from the first day of the month of your billing cycle following the last day of the preceding month or other billing cycle through the end of the current month or billing cycle, are adjusted as follows. Calls are re-rated and billed at our highest basic rate for the service rendered and the value of each *MCU* and *ICU* is increased by a factor of 2 (i.e., 30 seconds x 2 = 60 seconds), which increases the number of *ECU* charges applied to determine the *TCU*'s billed by a factor of 1.5. A surcharge of \$0.35 per call also applies. Upon payment of all unpaid charges, any late fees, and the adjusted *TCU* charges and per call surcharges specified herein, your rates that have been adjusted and billed hereunder will be restored to the *TCU* rate structure at the rates applicable to your service prior to your account having become delinquent.

13.11 Calling Card "Bong" Charge

A charge applies to each call initiated using calling card access.

\$0.50 per call

13.12 Monthly Service Fees

The following monthly service fee rate table applies to customers' long distance call traffic charges (outbound 1+, toll-free, or both if applicable), excluding local charges, fees, taxes, surcharges, assessments, and other similar charges.

Monthly Service Fee – Rate Table 1

Monthly Service Fee Categories	Call Traffic Qualifications	Monthly Service Fee
VI	Customers whose second or subsequent invoice for long distance traffic is less than \$100.	\$20.00
V	Customers whose current invoice for long distance traffic equals or exceeds \$100, and whose previous invoice for long distance traffic equaled or exceeded \$100	\$15.00
IV	Customers whose current invoice for long distance traffic equals or exceeds \$100, and whose previous invoice for long distance traffic was less than \$100	\$12.50
III	Customers whose estimated usage for long distance (based on previous carriers invoice) is between \$50 and \$99, and whose current invoice for long distance traffic is between \$50 and \$99.	\$10.00

II	Customers whose estimated usage for long distance (based on previous carriers invoice) is less than \$50, and whose current invoice for long distance traffic is less than \$50.	\$7.50
I	Customers whose current invoice for long distance traffic is combined with the 011Mobile wireless service.	\$5.00

Monthly Service Fee Rate Increase – Effective – September 15, 2010

Any Rate Category I-IV customer (as defined in Table 1 above) on service before September 15, 2010, whose services are not part of an unexpired term plan or usage rate guarantee, shall have monthly service fee adjusted upward by one Monthly Service Rate Category, effective for all invoices rendered on or after October 15, 2010.

13.13 Un-bundled service fee

A monthly Un-bundled service fee will be applied to customers who have \$1.00 or more of billable charges and credits on their invoice, including, but not limited to, monthly recurring charges, minimum usage, or single invoice fee charges. Customers will be assessed this monthly service charge beginning March 1, 2002. Customers under Lifeline or other Federal Price Protection Plans, and customers having less than \$1.00 worth of billable charges per month, are exempt from this service charge. Customers who have Local Service are also excluded from this charge.

Per line for Centrex lines: \$2.25

13.15 Universal Service Fund Assessment (USF)

The Federal Universal Service Fund Charge supports the telecommunications needs of consumers living in high-cost service areas, low-income households, schools, libraries, and rural healthcare providers. The charge is set by the Federal Communications Commission (FCC) and is adjusted on your bill quarterly as the costs charged by the fund change. Pursuant to Federal rules, the Company must contribute to the Universal Service Fund plus we may recover our cost of administering the program for the government. We collect a surcharge on your total interstate and international service, Interstate and Intrastate PICC, Monthly Service Fee, MBA, Interstate Directory Assistance Capped Fee, Unbundled Service Fee, Service Interruption Protection Plan Charge and Regulatory Administration Recovery Charge to cover this cost.

Below is the current and historical view of the FCC USF factor since its inception.

13.16 Service Interruption Protection Plan Charge

A Service Interruption Plan Protection Charge of 17% of total monthly interstate and international long distance usage charges applies per account for the priority switching of customer lines and continuous, uninterrupted service in the event of service discontinuance or termination by the Company's underlying service provider. Under this protection policy, Customers will not be assessed any primary carrier change or maintenance surcharges. This additional protection is optional, and Customers may elect not to receive this service.

13.17 Service Fee

Customers will be charged an additional service fee, beyond the monthly service fee, in the amount of five dollars (\$5.00), if the customer generates less than twenty dollars (\$20.00) per month in long distance charges, for six consecutive months, to further offset the costs associated with maintaining the customer's account.

13.18 Regulatory Administration Recovery Charge

The Regulatory Administration Recovery Charge is a monthly charge that helps the Company recover the regulatory and administrative costs associated with providing interstate and international long-distance service. It is applicable to your service as follows:

Total Interstate and International Long-Distance Charges multiplied by 9%.

13.19 Invoice Regeneration Charge

For an additional charge, customers may request that a duplicate summary page of their invoices be printed and mailed to them. The charge is based on the year for which the customer is requesting and shall be as follows:

- Year 2013 – Present \$10
- Year 2006 – 2012 - \$25
- Year 2005 - \$30
- Year 2004 - \$35
- Year 2003 - \$40

13.20 Paper Invoice Fee

Beginning May 1, 2018, a Paper Invoice Fee in the amount of \$1.50 will be applied to all accounts where customers elect to receive a paper invoice. As of December 2022, this fee shall be \$4.00. To avoid this charge, please visit www.customerservicefirst.com, register your account, and change your billing preference to 'Paperless Billing'. If you have any questions, please contact Customer Service.

13.21 CUSTOMER RETENTION SERVICE Offerings.

Depending on applicable circumstances, one or more of the foregoing Miscellaneous Service Charges, other than those required by regulatory mandate, may be subject to special handling as a ***CUSTOMER RETENTION SERVICE Offering or TSO.***
